DEMOCRATS MAKE CLEAN SWEEP OF STATE AND NATION

LANDSLIDE EVERYWHERE FOR THE DEMOCRACY

New York, New Jersey, Ohio Illinois, Massachusetts, Indiana and Other States Fall Into Democratic Column.

CAPTURED HOUSE REDUCED SENATE

Almost Eclipses Tidal Wave of 1882 in Its Magnificent Victory for People.

THE REPUBLICANS ARE ROUTED

Victory of Far-Reaching Extent From the Atlantic to the Pacific—Returns Up to Midnight and Early Today.

Elections held throughout the country yesterday resulted in a political convulsion of far-reaching extent, similar at many points to the famous tidal wave of 1882, and apparently more widespread in its effect.

The indications toward midnight were that the National House of Representatives had been carried by the Democrats, reversing the present Republican majority of 43.

The United States Senate probably will have a reduced Republican majority as a result of legislative elections held in many States.

In New York State, John A. Dix, Democratic candidate for Governor, is elected over Henry L. Stimson, Republican, by a plurality of about 55,000, reversing the Republican plurality of 70,000 in 1908 for Governor Hughes.

In New Jersey, Woodrow Wilson, Democratic candidate for Governor, is elected over Vivian M. Lewis, Republican, by about 15,000 plurality, reversing the previous Republican plurality of 8,000 for Governor Fort.

In Massachusetts, Eugene N. Foss, Democratic candidate, has defeated Governor Eben S. Draper, Republican candidate for re-election, by about 30,000 plurality, reversing Governor Draper's former plurality of 8,000.

In Connecticut, Judge Simeon E. Baldwin, Democratic candidate, is elected Governor over Charles A. Goodwin, Republican, by about 4,000 plurality, reversing the previous Republican plurality of 16,000.

In Ohio, Governor Judson Harmon, Democratic candidate for re-election, appears to have carried the State by about 15,000 over Warren G. Harding, Republican candidate.

In New Hampshire, Robert H. Bass, Republican candidate for Governor, is leading Charles E. Carr, Democratic candidate, by about 6,000 plurality.

In Pennsylvania the election of John H. Tener, Republican candidate for Governor, is claimed by a large plurality.

In Rhode Island, Governor Portheir Republican candidate for re-election, is slightly in the lead over Lewis A. Waterman, Democratic candidate, with a plurality much reduced from that of 1909.

In Tennessee, the fusion candidate, Ben W. Hooper, is apparently elected by 15,000 plurality.

Democratic Governors have been elected in Alabama and South Carolina.

In Iowa the Democrats claim the election of Claude R. Porter for Governor, but this is not yet conceded.

In Wisconsin the election of the Republican candidate for Governor, Francis E. McGovern, is claimed by a reduced majority, and the return of Senator LaFollette to the United States Senate is assured.

In Michigan Chas. S. Osborne, the Republican candidate for Governor, appears to have a safe lead over L. T. Hemans, Democrat.

A Democratic House.

Chicago, Nov. 8.—That the next House of Representatives will be controlled by the Democrats, was indicated by the returns received up to 11 o'clock tonight. The Democrats gained from the Republican seats in Congress in eight States. In New York seven Republican seats were won by the Democrats. In Maryland, Massachusetts, North Carolina, each the Republicans lost two seats.

Losses were definitely known to have been sustained also in Illinois, Kentucky, Missouri, Ohio and Pennsylvania.

The known Democratic gain up to 11 o'clock was 19 seats, offset by the Republican gains from the Democrats one each in New York and Pennsylvania.

Reports received from other States indicated the Democrats would have ample margin to assure them the 22 seats necessary to give them control of the House, two Democratic gains having previously been reported in Maine.

In Oklahoma returns indicated that the Democrats probably gained two seats, due apparently to the operation of the grand-father clause which debarred negro Republicans from voting.

At Democratic headquarters in New Jersey it was claimed that the State would hold eight seats making a Democratic gain of five.

In West Virginia it is stated that the Democrats have gained in three Congressional districts.

Missouri returns showed one known with three Democratic gains, while in Iowa and Illinois the returns indicated that the Democratic gains wil total six seats.

In North Carolina returns indicated gains probably would increase to three.

A big surprise came from Wisconsin when the Republican committee conceded the election of Victor L. Berger, social Democrat, to Congress, from the fifth district, which is now held by the Democrats.

Hooper in Tennessee.

Nashville, Tenn., Nov. 8.—Summed up the result of today's election appear to be B. W. Hooper, Republican and fusionist chosen governor by 15,000 to 18,000 majority; B. A. Enloe, Democrat and fusionist by a like majority and a possible small fusion majority in the legislature. Both sides claim the Senate.

Most of middle and West Tennessee Democratic counties, nearly all of which went for independent judicial ticket in August last, returned to the regular column today, but by small majorities that they were overwhelmed by the heavy Republican vote in East Tennessee counties.

In the congressional races R. W. Austin, Republican, appears to have defeated N. H. Hale, independent Republican. Sells, Republican, defeated C. H. Lyle in the first. Z. D. Massey, Republican, was elected to fill out the unexpired term of W. P. Brownlow. In the eight other districts the Democrats have won.

Democrats Carry New Jersey.

Trenton, N. J., Nov. 8.—Returns from the election in New Jersey today very slow in coming in tonight, but figures available at 10 o'clock indicated the election of Woodrow Wilson, Democrat, for governor, the only State office to be filled, by between 10,000 and 20,000 plurality over Vivian M. Lewis, his Republican opponent. Most of the early returns were from Republican strongholds and while they showed Lewis to be in the lead a falling off in the normal Republican vote was indicated on which the Democratic claims for Wilson's success were based.

At 10 o'clock only 87 of the 1,393 voting districts had been heard from These gave Lewis 12,769; Wilson 11,599. In 1908 Taft received in the same districts 17,899 to 9,998 for Bryan.

The latest returns also indicate that the Democrats will have the Legislature on joint ballot and will thus be enabled to elect a Democrat to the United States Senate to succeed John Kean.

LaFollette is Re-Elected.

Milwaukee, Wis., Nov. 8.—U. S. Senator LaFollette, Republican, will be re-elected to the upper House of Congress by the Legislature elected in Wisconsin today.

The election of Frances E. McGovern, Republican candidate for governor, is claimed by the Republican State Central Committee by a reduced plurality.

Eight Republicans and one Democrat (sixth district) have been elected to Congress and two districts, the fourth and fifth are in doubt.

The social-Democrats are making heavy gains in Milwaukee county and claim they will elect their county and claim they will elect their county ticket.

Big Gains in Illinois.

SOLID DELEGATION FROM CAROLINA

Latest Returns Indicate That Every District in This State Democratic.

MAJ. STEDMAN IN THE FIFTH

His Majority in Excess of 3,000—Dr. Faison Safe in Third District and Congressman Small Has Probably 7,000.

From latest returns from the several Congressional Districts in the State up to an early hour this morning, both here and at State Democratic headquarters in Raleigh, the indications are that North Carolina will send a solid delegation to the Sixty-Second Congress, the two Republican districts having been redeemed handsomely by Maj. Chas. M. Stedman with a majority of 3,400 in the Fifth and by Hon. J. M. Gudger, by a majority estimated at 500 in the Tenth.

Hon. John M. Faison, the "war horse" of the Third, is elected beyond a doubt over Geo. E. Butler, even with a Republican majority of 1,200 to overcome in Sampson. He received substantial majorities in Craven, Duplin, Onslow, Pender and Wayne with returns from the other counties very meagre. In Gudger's district there was a landslide for the Democracy and Congressman Small in the First District will probably have a majority of 7,000, while Congressman Claude Kitchin is returned by a majority estimated at 10,000. The story of the Congressional landslide in the State is told in connection with the news from the glorious victory in North Carolina elsewhere in today's paper.

Early Morning Report.

Raleigh, N. C., Nov —The Democratic ticket makes a clean sweep in North Carolina, and with approximately 50,000 majority shows an increase of 10,000 over two years ago, In the State Senate the Democrats gains six members and the House four.

Ten Democratic Congressmen are elected, the Fifth, Eighth and Tenth having been Republican. The Democrats carry the Fifth by about 3,500, the other two by about 800 each.

The ten Democratic Congressmen elected from North Carolina are John H. Small, First District; Claude Kitchin, Second District; John M. Faison, Third District; E. W. Pou, Fourth District; Charles M. Stedman, Fifth District; H. L. Godwin, Sixth District; R. N. Page, Seventh District; R. L. Doughton, Eighth District; E. Y. Webb, Ninth District, and J. M. Grudger, Tenth District.

TROUBLE AT THE POLLS.

Negroes Took Possession of Voting Booth In Oklahoma.

Muskogee, Okla., Nov. 8.—A telephone message to the Times-Democrat from Coweta, Oklanoma, states that negroes took possession of a voting booth in a school house in a negro settlement four miles from Coweta this morning. The white election officers were thrown out of the polling places, the negroes declaring they would vote despite the grandfather clause. A message was sent to Coweta, asking for help and two automobiles with fifteen white men armed with shotguns left for the scene.

BIG MINE EXPLOSION.

Occurred in Colorado Yesterday—Miners Escaped.

Trinidad, Colo., Nov. 8.—Mine No. 3, of the Victoria-American Fuel Company, at Delagua, 22 miles northwest of here, was wrecked by a terrific explosion this forenoon. The mine usually employs 200 men but many were off today on account of the election. Fire is said to have broken out.

Denver, Colo., Nov. 8.—General Manager Bowen, of the Victor-American Fuel Company, received a telegram shortly before 4 o'clock that 50 men of wrecked mine No. 3 came out safely through entry No. 2, which is connected with the main shaft.

BROTHER CHASES GROOM.

Bride of a Few Minutes Carried Home After Ceremony.

Macon, Ga., Nov. 8—To win a young and pretty wife and lose her the moment the ceremony was performed, was the misfortune that befell Jimmie Jones yesterday.

When the belligerent brother of Miss Effie Hanks, the bride, appeared on the scene, the groom disappeared.

The disconsolate bride was escorted home to another town. The groom is still here.

For Democracy!

ANOTHER STRIKE THREATENED.

Situation is Delicate in Philadelphia, Trouble is Feared.

Philadelphia, Nov. 8.—Philadelphia is threatened with another street car strike. The two meetings of motormen and conductors of the Philadelphia Rapid Transit Company, the second of which broke up early this morning, voted to go on strike today at a certain hour to be named by their executive committee unless the arbitrators agree on one of the points still at issue, between the carmen and the company. The men, it is declared, wanted to strike immediately, but such action was postponed at the leaders' solicitation.

The arbitrators are Raymond Robbins, of Chicago, representing the men, and John G. Vogler, representing the company. They are authorized to call in a third man if they cannot agree.

The point at which the two arbitrators are deadlocked is the interpretation to be placed on the term "loyal men." When the last strike was settled the company reserved the right to give the preference of runs to men who had remained "loyal" to the company. The union claims this meant men who were with the company prior to the strike and who remained in its employment during the strike. The contention now is that the company insists on recognizing as "loyal" men employes who were taken on during the strike. This the men assert meant that strike-breakers are given preference in the assignment of runs over men who have been in the company's service for years.

AEROPLANES FOR THE ARMY.

Plans for Aerial Military Squadron are Prepared.

Washington, Nov. 8.—Plans for an aerial military squadron will be presented to Congress, the number of the air machines to be provided being left by the War Department to the lawmakers. This is announced today by Major General Wood, chief of staff, of the army. Brigadier General James Allen, chief of the signal corps, in his report to General Wood already has recommended that twenty machines be purchased at once for the army.

The necessity for more heavier than air machines is held by army authorities to be imperative, if the United States is to keep abreast of other powers in the science of military aviation. The army now only owns one machine.

The matter of providing funds for an aerial fleet will be put squarely up to Congress, it is said, and the necessity for such an addition to the army will be emphasized. It is the hope of the signal corps that a sufficient number of machines will be authorized so that every army post in the country will be provided with one or more and that the militia may be trained in the use of the aerial craft.

SOCIALISTS STORM KING.

With Millions of Slips of Paper With Demand for Suffrage.

Brussels, Nov. 8.—An extraordinary demonstration occurred in the strees today as King Albert drove from the palace to the place of the nation to open Parliament. A million slips of paper bearing a demand for universal suffrage stormed the royal cortege and some heavy packages of these were thrown at the king himself by crowds of Socialists. His majesty was not hit. As the king opened the parliamentary session violent altercations between the Socialists and Catholics began at once.

BEGUN LIBEL PROCEEDINGS.

Government Claims Vessel Carried More Passengers Than Allowed.

Norfolk, Va., Nov. 8.—In the United States court today, the government began libel proceedings against the Norfolk & Portsmouth Traction Company, owners of the steamer Annie L. Vanscriver for violating Federal law prohibiting the carrying of more passengers than the number specified in the license granted the vessel.

CONDUCTOR DEAD ON TRAIN.

Engine Ran Down Unknown Man, Conductor Reeled and Fell.

Warrensburg, Mo., Nov. 8.—When Missouri Pacific train No. 1 ran down and killed an unidentified man yesterday near here, L. D. Hopkins, of St. Louis, the conductor clutched at his breast, reeled and fell dead in the Pullman coach.

He had been on the road forty years and the accident was the first that ever occurred while he was in charge of a train.

SIXTH DISTRICT TRUE TO GODWIN

Harnett Man Overwhelmingly Defeated Meares, the RepublicanNominee.

CARRIED EVERY SINGLE COUNTY

Majority Will Likely Exceed 5,000.—Returns Practically Complete Indicate Light Vote in Sections—The Figures.

At 2 o'clock this morning complete semi-official returns from practically every county in the Sixth Congressional District indicate that Congressman Hannibal L. Godwin has defeated his Republican opponent, Iredell Meares, Esq., of New Hanover, by exceeding 5,000 majority.

This majority is a little reduced from the 6,000 majority two years ago, but when it is considered that this was an off-year election, the result is little less than surprising and indicates how strong the people of the district are for the Harnett man. Every county in the district gives him a majority on the face of the returns this morning, even Brunswick giving him approximately 100, while the other counties range in the extent of their majorities to 1,800 in Robeson. It was reported on the street last night that Mr. Meares had carried Mr. Godwin's own precinct in Harnett, but Mr. Godwin returned the compliment with a much larger majority in Mr. Meares' precinct in this city. The majority for Mr. Godwin in New Hanover with Masonboro and Federal Point only missing is 897. The estimated Godwin majorities in the several counties upon the face of the returns to 2 o'clock this morning are as follows:

Columbus	1,000
Bladen	500
Cumberland	600
New Hanover	897
Harnett	600
Brunswick	100
Robeson	1,800
Total	5,497

Returns from the counties in the district last night were as follows, with the exception of New Hanover, which is given in the local columns of today's paper:

They Held Robeson.

Lumberton, N. C., Nov. 8.—Reports received from different precincts in the county indicate that the Democratic majority will be from 1,800 to 2,000. The election passed off quietly. A light vote is reported all over the county. Lumberton township gave Godwin 304, Meares 34.

In Cumberland.

Fayettevile, N. C., Nov. 8.—It is impossible as yet to get official returns from county precincts, but Cumberland county is Democratic by at least 600, Cross Creek township (Fayetteville) 737 Democratic, 32 Republican; Hope Mills No. 1, Democratic 130; Republican 30; Currie's Bridge, 115 Democratic majority. We have beat 'em to a frazzle. Most conservative estimate is 600 majority for whole Democratic ticket from Corporation Commission to township constable.

Columbus 1,100 to 1,200.

Whiteville, N. C., Nov. 8.—Nine out of 17 precincts in the county have been heard from and the Democratic majority is estimated at from 1,100 to 1,200. The majority in the precincts heard from is 875. Every precinct in the county went Democratic, including one that had been Republican for at least ten years. It went Democratic this year by 50 majority.

Chadbourn, N. C., Nov. 8.—Chairman J. A. Brown, of the Democratic County Executive Committee, tonight at 10 o'clock estimated the Democratic majority in the county at 1,000, which is normally between 800 and 1,000.

Godwin Running Well.

Fayetteville, N. C., Nov. 8.—Ten precincts out of 23 in Cumberland give a Democratic majority of 821 including four Fayetteville precincts, giving 505. The indications are for a Democratic majority of 800, with Godwin running with, or ahead of the ticket.

In Harnett.

Dunn, N. C., Nov. 8.—Heard from officially eight townships. They give 446 Democratic majority. The county gives at least 600 Democratic majority.

Harnett County.

Lillington, N. C., Nov. 8.—With three townsships unheard from, the unofficial vote of Harnett county is 1,000 Republican, 1,500 Democratic. There is little difference in the vote of officers for county, State or Congressional.

Brunswick County.

Southport, N. C., Nov. 8.—At 11 o'clock tonight, six out of ten precincts have been heard from. It is estimated that Godwin will receive approximately 100 majority in the county, while the Republicans elected Representative W. Ed Taylor and all the county ticket with the exception of clerk of the Superior Court, Surveyor and possibly two of the three commissioners. The precincts heard from are Southport, Town Creek, Northwest, Piggott's Store, Shallotte, and Dew's Place. These give the following vote: Bellamy for State Senate, 617, Lennon, Republican, 446. Taylor, Republican, for representative, 545, Jones 517. Knox for sheriff, Republican, 581, Rourk, 487. Brooks, treasurer, 593, Simmons, Democrat, 480; Leonard, Republican, Register of Deeds, 398, Newton, 682. Jenrette, Republican, Register of Deeds, 600, Holmes, 471. Commissioners W. A. Long, 483, Harrelson 506, Leonard 498, all Republican. Democratic members, Lewis 513. Ward 580, Dozier 610. Southport precinct gave Godwin 170, Meares 30. State ticket, Democrat, 156 Republican, 42.

In Brunswick County.

Town Creek, N. C., Nov. 8.—Only three precincts have been heard from up to 10 o'clock tonight. The indications are that the county Republican ticket is elected except Walter Leonard for Register of Deeds, who will doubtless be defeated by R. S. Newton, the present incumbent. It is stated here tonight that Godwin has probably carried the county by a small majority though this is by no means certain. The ticket for county commissioners is in doubt and a canvass of the vote will be required to determine the final result. In this precinct Godwin received 170, Meares 117. Lenon 141 for State Senate and Bellamy 150. Taylor for the Legislature 176, Jones 110. Knox 174, Ruark 113 for Sheriff.

Fayetteville, N. C., Nov. 8.—At 7 o'clock returns from ten precincts in Cumberland county give sufficient majorities to warrant the assertion that the county is Democratic by 800. State officers and Godwin for Congress are running with the county ticket.

From Clarkton.

Clarkton, N. C., Nov. 8.—Clarkton gives Godwin 50, Meares 31. State Democratic ticket 83, Republican 12. Out of the three precincts in Bladen heard from here Godwin has 152 and Meares 108. The same precincts two years ago gave Godwin 269 and Slocumb 101.

APPEAL TO STOP WEDDING.

Wealthy Woman Claimed She was Forced Into Unwelcome Alliance.

Baltimore, Md., Nov. 7.—Claiming that she had been given drugs Mrs. Kathryn E. Smith, aged fifty-five years, a wealthy Washington woman, formerly a resident of Loudoun county, Va., appealed to the chief of police today to stop her marriage to Ezra B. Gregg, aged sixty-five years, a Washington attorney. Gregg and Mrs. Smith both were taken to the Central Police Station, and several hours later the woman was sent to the Mercy Hospital, suffering from a nervous breakdown.

With an unused marriage license in his pocket, Gregg left Baltimore tonight for his home in Washington, and the curtain of the first scene or a peculiar case was drawn.

Lying in the hospital, Mrs. Smith, whose husband was a captain in the United States Army, requests that she be protected from a marriage to Gregg . In Washington Mrs. Smith lived at 522 Sixth Street, N. W., while Gregg lived at 606 F. Street, N. W. Both are engaged in literary pursuits, although Mrs. Smith is reputed to be wealthy. This afternoon Gregg came Baltimore with Mrs. Smith, and while securing a marriage license in the court house the woman asked for the police. She was taken to the Detective Bureau, where she told Detective Shank that she was being duped into a marriage against her will, and asked that she be given protection by the police. She was taken then to the office of Chief of Police Farnan.

In the meantime Gregg appeared with the license, and when informed of Mrs. Smith's actions he was not amazed. He and the woman were taken to the Central Police Station. At the station Mrs. Smith said that she believed that she had been drugged, for she did not remember being brought to Baltimore. She demanded that Gregg be kept from her and requested that she be permitted to stay at the station.

OLD NORTH CAROLINA REMAINS TRUE TO COLORS

Will Likely Send Solid Delegation to Congress and Buries Butlerism Forever By Over 50,000 Majority.

FIFTY THOUSAND IS THE MAJORITY

State Chairman Eller Issues Statement at Midnight, Giving His Figures.

INCREASE IN HOUSE & SENATE

No "Respectable, Progressive Republican Party" For the People Here—Large Gains Everywhere There Was an Incentive.

(Special Star Telegram.)

Raleigh, N. C., Nov. 8.—At midnight State Chairman A. H. Eller, gave out this statement:

"The reports at this hour indicate the election of all ten Democratic candidates for Congress, also an increase of about ten Democratic members of the lower House of the Legislature and four or five in the State Senate. Large gains have been made for the State ticket almost everywhere the exception being a few counties, where there is practically no Republican party, and hence a light vote. The majority ought to be right around 50,000. It is certainly, sufficient to put end for all time to Butler's disgrace upon this State and Morehead's pretentions to give us a "Respectable, progressive Republican party" in North Carolina.

"North Carolina may now be put down as a safely Democratic State, true to the ideals of Democracy as endorsed by patriotic Southern men. Counties in which returns indicate gain of additional Democratic members of the Legislature are: Palmico, Orange, Person, Alamance, Davidson, Stanly, Cabarrus, Catawba, Jackson and Graham where the official count is said to be necessary to determine the result.

Nash and Edgecombe.

Rocky Mount, N. C., Nov. 8.—Nash county will give the largest Democratic majority in many years. Seven hundred has been the mark set by conservatives. Pou, Democratic nominee for Congress in the Fourth District, will overwhelmingly defeat Cooley, the independent Republican candidate in the district, while Nash county, which is Cooley's home county, will give 600 majority against him. Cooley's defeat is a greater snow under than that given Briggs by Pou four years ago. In the Second Congressional District indications point to a Democratic majority, while Congressman Kitchin will be given a majority of 10,000. Both Nash and Edgecombe county tickets will carry with several hundred majority.

Nash True to Colors.

Nashville, N. C., Nov. 8.—Pou has defeated Cooley for Congress by from 700 to 1,000 in Nash. The whole Democratic ticket is elected by the same majority.

In the Fifth District.

Durham, N. C., Nov. 8.—The entire county went Democratic by the largest majority since the election on the Constitutional Amendment. For Congress Stedman has 900 majority. For the Legislature, General Carr has 700 majority.

Oxford, N. C., Nov. 8.—Oxford township gives Stedman 364 majority. Estimated majority in the county 1,000. The State ticket practically the same majority Democratic.

Small's Big Majority.

Washington, N. C., Nov. 8.—Election returns up to 9:30 tonight will give Beaufort county 825 approximate Democratic majority on the Congressional and State tickets. Small, for Congress, will get about 7,000 majority in the First Congressional District.

Onslow Democratic.

Jacksonville, N. C., Nov. 8.—Returns tonight indicate that Onslow will give 360 Democratic majority.

BELLE ELMORE IS LIVING.

Wife of Dr. Crippen Reported to be in Sanatorium Near Chicago.

Philadelphia, Pa., Nov. 8.—Francis Tracy Tobin, the local attorney who startled the world yesterday by declaring that Belle Elmore Crippen is alive, notwithstanding the fact that her husband, Dr. H. H. Crippen, has been convicted for her murder, and now is simply waiting in a London prison to be hung for the alleged murder, today asserted positively that Belle Elmore is in a sanatorium in or near Chicago. He refuses absolutely to tell the name of the sanatorium, but does declare that he will produce Belle Elmore before the British ambassador at Washington before November 23, the date set for Crippen's execution.

"The English authorities, on the evidence produced by me," said Tobin, "have granted Dr. Crippen a reprieve of two weeks. This is something unprecedented under the English law and the authorities there are aware that my statements are not pure buncomb when I declare that I can produce Belle Elmore in flesh and very much alive.

"Belle Elmore today is in a sanatorium within fifteen miles of the business centre of Chicago. She is said to be there for her health. Up to date we have been unable to get into direct communication with her, but expect to within the next 24 hours."

Another element entered into the search for Belle Elmore today when it became known that a detective agency, a local concern, has been employed for the last six weeks in an effort to get track of the Elmore woman.

Walter M. Carter, superintendent of the agency this afternoon at first denied that he was interested in the case, but later acknowledged that his operatives had been working for some time.

"What Mr. Tobin says about Belle Elmore being in a sanatorium in or near Chicago is absolutely true," said Carter. "We have had men stationed near this sanatorium for days in hope that they could get a word with the woman and request her to fathom the reason for her silence and if possible to ascertain the identity of the powerful influences anxious to send Dr. Crippen to his death.

"We expect to get her very shortly, and, if necessary, we will appeal to the Illinois courts to force the sanatorium to open its doors."

Lawyer Tobin was to have gone to Washington late last night for the purpose of conferring with the State Department, but as he was boarding the train he learned that a reprieve had been granted to Dr. Crippen. He also was informed that if he would produce Belle Elmore before the British ambassador at Washington a request immediately would be cabled to London asking that Dr. Crippen be released as soon as the usual legal forms could be followed.

Tobin declares he will produce the Elmore woman in Washington and cause Dr. Crippen to be freed.

Chicago, Nov. 8.—Bruce Miller, of East Chicago, friend of Bell Elmore, the actress wife of Dr. Hawley H. Crippen, who is under sentence of death in London for murdering his wife, takes no stock in the story that the woman is alive. Miller appeared as a witness in the Crippen trial to disprove the accusation that he was unduly friendly with Mrs. Crippen.

"It's a canard, pure and simple," said Miller last night. "Crippen had cast insinuations that I might know the whereabouts of his wife and I went to London to prove that I had not seen the woman for over six years. She had two of my pictures in her room but there was no attempt to conceal her friendship for both me and Mrs. Miller.

"No, there's nothing to it. Some other woman must be impersonating the stain actress. If attorney F. T. Tobin of Philadelphia, thinks he has her located, it would be an easy matter to identify her. But she is dead. You may rest assured of that."

MRS. BRAGG IS REAL STRONG

In a Personal Letter, She Tells How Women May Increase Strength and Endurance.

Indianapolis, Ind.—"I feel so much better than I ever did in my life," writes Mrs. Charles Bragg, 1517 Cornell Avenue. "I have been real strong since I began to use Cardui. Tongue cannot tell how much Cardui has done for me. I can do a full day's work now without getting tired and having to stop and lay down every few minutes. It seems to me that there is nothing to equal Cardui as a tonic and strengthening medicine."

Women who do hard work of any kind, whether in stores, factories, or at home, often lose strength and energy, and soon feel, and look, prematurely old.

To keep young when you begin to feel tired and unable to do your work, you should try a good strengthening tonic. You will find in Cardui a friend in need.

50 years of success, and thousands of letters like the above from Mrs. Bragg, surely prove that the best remedy in the world for women is Cardui, the woman's tonic.

All druggists sell and recommend Cardui.

It will help you.

Try it.

NEWS IN COLUMBUS.

Four-Room House Burned—Large Yields—Good Roads.

(Special Star Correspondence.)

Whiteville, Nov. 8.—Mr. T. E. Barden, of Fair Bluff, was in Whiteville yesterday and started that Sunday night a new four-room house on his farm, about one mile from that town, had burned down. The building was occupied by two families, named Carney, embacing eleven persons. They had locked the house and gone to church. About 7 o'clock the watchman at the mill discovered the flames, but the building and everything the families possessed, except what was on their backs, was destroyed. They are left in a most destitute condition, and the kind neighbors are helping them.

There was in town Monday Messrs. A. M. Benton, of Evergreen, G. Herbert Smith, of Cronly, and T. J. Fletcher, of Clarkton, R. F. D. 2, but who lives in Columbus county. Mr. Smith told about growing a five-pound potato; Mr. Benton said last year he made two bales of cotton on an acre, and the same land would this year produce over 70 bushels or corn; Mr. Fletcher stated that he this Fall gathered 70 bushels of corn off half an acre, and on an acre he would make three bales of cotton. He used the brand of fertilizers made by the Acme Fertilizer Co., with headquarters in Wilmington, and put only 500 pounds to the acre. Hon. J. A. Brown, of Chadbourn, used this same brand of fertilizer, but wrote to Mr. G. Herbert Smith to send him something to stop that cotton growing, or he must buy airships to enable his hands to gather it.

Town Clerk McDaniel, who went on to Philadelphia to investigate paving material, states that he found an asphalt pavement there which he thinks is the very thing we need; that it will cost $15,000 to pave Madison street between Vineland and the Court House, but when once put down the pavement is said to last a century.

A gentleman from South Carolina was at the Columbus Hotel last night and stated to your correspondent that the cotton mills in the Piedmont section of his State were in a bad way, and one of the largest in the South was on the verge of bankruptcy. They have their warehouses filled with cloth, which they cannot sell for even less than actual cost of production, tion, at the present price of cotton.

The regular monthly meeting of the Columbus County Good Roads Association was held in the Court House Monday evening. Dr. W. Ross Davis read an important communication from Dr. Joseph Hyde Pratt, State Geologist and Secretary of the North Carolina Good Roads Association. Informal talks were made by several members. Dr. Davis made a motion that the President (Col. G. Herbert Smith) apoint a committee for considering the feasibility of a bond issue for improving the roads of the county, and for drafting a suitable road law to be submitted for approval by the next meeting of the Association. This is to be offered at the coming session of the General Assembly as a substitute for the present labor tax system of working our roads.

The following gentlemen were appointed as the committee: W. R. Davis, I. B. Tucker, A. M. Benton and B. K. Council.

ANOTHER SETBACK FOR COOK.

Statement from Danish Explorer—Didn't Reach Pole.

Chicago, Nov. 8.—Dr. Frederick A. special cable dispatch to the Chicago Daily News today from its correspondent in Copen Hagen, Denmark. The story was the first publication of the report of Knud Rassmussen, the Danish explorer, as sent by him to his wife in Coppen Hagen and now given out by her.

Contained in the story is what purports to be the statements of Cook's two Eskimo companions in the Polar quest, Itukusuk and Apiklik in which they confirm Commander Robert E. Peary's charge that Cook traveled in a circle and never even approached the pole. Rassmussen, in the story is quoted as saying he himself did not interview the men, but that their statements were taken by two missionaries born in Greenland and who at the time of securing the statements were working in the country from which Cook claimed to have started for the pole.

UTLEY ESCAPES FROM PRISON.

Slayer of Fayetteville Hotel Clerk Breaks Out of Pen.

(Sepcial Star Telegram.)

Raleigh, N. C., Nov. 8.—Ed Utley, member of a prominent Fayetteville family, serving twenty years for shooting to death Clerk Hollingsworth, of the Hotel LaFayette, Fayettecille, N. C., nine years ago, escaped from the penitentiary this afternoon by cutting an iron bar from a third-story window and letting himself down with a rope, which he had secreted there in some way. The escape was discovered within 30 minutes at most, but no trace of the fugitive has been found. The authorities with the approval of Governor Kitchin, have offered $200 reward for Utley. Utley has been a model prisoner for quite a while and there are pending with the Governor strong petitions for his pardon.

BIG INCREASE IN VALUE.

Land Near Wadesboro Advances in Price from $200 to $850.

Wadesboro, N. C., Nov. 8.—Mr. W. T. Brower sold a few days ago 14 acres of land, located near the Camden road two miles from town, to Mr. C. M. Teal, the consideration $850. About 16 years ago the late W. C. Hardison, of this place, sold this same land to Mr. J. C. Boylin for $200. The land has changed hands several times since the sale by Mr. Hardison, each time at a considerable increase in price.

Maxton Growing.

Scottish Chief.

Measured by the postoffice receipts for the year ending September 30, 1910, Maxton is on the grow. The receipts for the year ending September 30, 1909, amountea to $5,041.02; ending September 30, 1909, the amount was $6,278.70, or nearly 25 per cent. increase.

SLAVE TRAFFIC VIOLATORS.

Convicted at Trial in Charlotte.—Women Offered Testimony.

Charlotte, Nov. 8.—The campaign which the Federal government is going to prosecute vigorously against the white slave traffic was opened in Charlotte yesterday, and the first case that was ever tried in the South for a similar offense, resulted in the conviction of Charles Quaster, the proprietor of a vaudeville show, which did business at the Mecklenburg fair.

The arrest of Quaster was the result of a bulletin which the United States department of justice sent out a few days ago to all the officers of the government in different parts of the country. This bulletin contained a copy of the white slave law which was passed at the last session of Congress and calling upon these officers to watch for violations of the law. The circular is the beginning of a campaign which the department of justice is going to wage in all parts of the country.

The arrest of Quaster was made by Postoffice Inspector Bulla at the Mecklenburg fair grounds on October 26th. J. W. Napier, the partner of Quaster, was arrested on the same charge and also on the charge of embezzlement. Napier was acquitted of the white slave traffic charge, but was held on the embezzlement charge, of which he was convicted at a previous hearing.

The trial was held yesterday afternoon in the federal court room, with United States Commissioner Cobb presiding at the hearing. The first witness introduced for the government was Miss Maude McClellan, of Baltimore. She gave her age as 21 years, and said that she left Baltimore on October 3rd. Her connection with Quaster and Napier was brought about by her answering an advertisement in the Baltimore American. The advertisement: "Wanted, two ladies to travel. Experience unnecessary." Miss McClellan said that she called at the address given in the advertisement and was met at the door by Quaster, whom she pointed out in the court room. Quaster told her that he wanted her to go on the stage and would give her $2.50 for each day that she worked. Miss McClellan declared that she was an orphan girl, out of work at that time, and that she accepted the offer, thinking the work was entirely respectable.

Miss McClellan testified that she left Baltimore for Winston-Salem, N. C., on October 3rd in company with Quaster and one other young lady. On the train coming down, Miss McClellan said that Quaster made improper proposals to her, which she was compelled to assent to on account of her helpless and penniless condition. When the party arrived at Winston-Salem, Quaster began a series of repacities and maltreatment of the girls, the details of which are entirely unprintable and which makes the blood of every decent man run cold with horror.

FROST KILLED COTTON.

State Commissioner of Alabama Issues an Alarming Report.

Montgomery, Ala., Nov. 8.—State Commissioner of Agriculture J. A. Wilkinson estimates that half of the cotton standing in the fields of Alabama was killed by the recent heavy frost. Alabama's 1910 crop, he says, will aggregate about the same as 1909.

Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c at Robert R. Bellamy's.

"I have used Sloan's Liniment on a fine mare for splint and cured her. This makes the third horse I've cured. Have recommended it to my neighbors for thrush and they say it is fine. I find it the best Liniment I ever used. I keep on hand your Sure Colic Cure for myself and neighbors, and I can certainly recommend it for Colic."—S. E. SMITH, McDonough, Ga.

Cured Thrush.

MR. R. W. PARISH, of Bristol, Ind., R. No. 2, writes:—"I have used lots of your Liniment for horses and myself. It is the best Liniment in the world. I cured one of my horses of thrush. Her feet were rotten; the frogs came out; she laid down most of the time. I thought she would die, but I used the Liniment as directed and she never lies down in the daytime now."

SLOAN'S LINIMENT

should be in every stable and applied at the first sign of lameness. You don't need to rub, it penetrates. Will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweeney, founder and thrush.

Woman's Nature

It is the nature of women to suffer uncomplainingly, the discomforts and fears that accompany the bearing of children. Motherhood is their crowning glory, and they brave its sufferings for the joy that children bring. No expectant mother need suffer, however, during the period of waiting, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures for her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

PURE CRYSTAL ICE.

Our process of ice making is sa itary in every particular and has stood the test of time. Only pure artesian water used, from a well one hundred and fifty feet deep, to produce live steam, afterwards condensed and frozen in clean moulds of unif rm size, producing ice at a temperature suitable for all domestic and efrigerating purposes. Such ice is economical on account of no tendency to "flake" or break up when used and thus great loss is prevented.

Ice must melt to refrigerate and ours lasts longer in melting than any made.

Let us obviate your ice troubles. Quick service, Quality and Qauntity assured.

COW SWALLOWS GOLD WATCH.

Anson County Farmer Loses Time Piece in Peculiar Manner.

Wadesboro Messenger-Intelligencer.

Yesterday, Mr. R. J. Winfield, who lives six miles north of Wadesboro on the Concord road, came to town in great haste after an emetic—the strongest he could get. He was greatly excited, but controled himself long enough to tell one of his friends the cause of his trouble. Yesterday morning, he said, he went to his cornfield to gather some corn. It was chilly when he first left home and he wore his coat and vest. Later it turned warm and he pulled off his coat and vest and hung them on a fence which separated the cornfield and his pasture. After this he proceeded merrily with his work until glancing in the direction of the pasture he discovered that his holstein cow had taken possession of the vest and was devouring it with all the haste she could make. He ran to the cow and seized the end of the vest yet unswallowed and attempted to pull it out of the animal's stomach, but the cow ran off and finally succeeded in bolting the entire garment in spite of everything he could do to keep her from it. And then it was that Mr. Winfield remembered that his new gold watch was in the pocket of the vest when he left home. He could not tell whether the watch dropped out of the pocket of the vest while the cow was masticating the vest, or whether she had swallowed the time piece. Suddenly, however, he was seized with bright idea which caused him to make up to the cow in such an insinuating manner that bossie allowed him to catch her. He then placed his ear over the animals stomach and heard distinctly as could be the tick, tick, tick of his watch. It was then that he set out post haste for Wadesboro for the emetic. We have not heard whether the watch was recovered.

DRAINAGE OF BROWN CREEK.

Wadesboro People Interested in Project—Delegations Named.

(Special Star Correspondence.)

Wadesboro, N. C., Nov. 8.—A number of persons interested in the drainage of Brown Creek met in the Court House Saturday at noon. Those present were enthusiastically in favor of the project, but it was the concensus of opinion that it would be better to get a special act of the Legislature than to proceed under the general act. Delegates were appointed to attend the North Carolina Drainage Association at Wilmington, Nov. 23rd, as follows: C. H. Rivers, E. E. Barrett, M. L. Horne, W. A. Caddy, J. T. Martin, J. A. Boggan, W. B. McLendon.

A tenant house of Mrs. J. C. Boylin's place in Lilesville township was destroyed by fire Friday about noon. The house was occupied by Wylie Smith, colored, who lost all his household effects. The family were all in the field at work when the fire started and its origin is unknown.

ACCIDENT AT NEWBERN.

Norfolk & Southern Man Crushed Between Cars and Seriously Hurt.

(Special Star Telegram.)

Newbern, N. C., Nov. 8.—While attempting to draw out a coupling pin in a discarded box car, at the Norfolk and Southern shop, in this city, yesterday morning, Mr. A. H. Gillikan, a white mechanic employed by that company, had his head caught between two box cars and in consequence was severely injured. At the time of the accident Mr. Gillikan was attempting to place a block in the coupling. Unnoticed a shifting engine which is used in moving cars about the yard, shoved an empty car upon the back which was located the car on which Mr. Gillikan was working. He saw the car approaching and attempted to move out of its way, but before he could do so, however, he was caught between the coupling and suffered a severe concussion of the head. He was at once taken to Stuart's Sanitorium and medical attention rendered him. It is more than probable that he will recover.

TRAIN STRUCK YOUTH.

Occurred Sunday Near Wingate, N. C.—Was Seriously Hurt.

(Special Star Correspondence.)

Wadesboro, N. C., Nov. 8.—There came near being a fatal accident at Wingate late Sunday afternoon. No. 45 eastbound Seaboard local train from Charlotte to Wilmington, just as it was stopping at the station at Wingate, struck Raymond McIntyre, the 15-year-old son of Mr. Neal McIntyre, of that place, and knocked him from the track. It was at first thought that the boy was fatally injured, but it turned out that only two or three ribs were broken. A 'phone message from Wingate states that he is doing well.

Young McIntyre, who is a grandson of Mr. B. F. Staton, of Anson, was at the station with a number of other boys when the train came up. He thought the train had stopped and attempted to cross the track in front of it and was struck as above stated.

GENUINE ECZEMA REMEDY.

New Remedy That Cures Eczema Quickly.

J. Hicks Bunting Co. has sold dozens of jars of Hokara in the last few weeks, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing to them is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief and cure in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time.

You can buy a liberal-sized jar at the very low price of 25c and with every package goes their guarantee to refund the money if it is not satisfactory. Larger size, 50c.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

A. & M. AFFAIRS.

Anti-Marionette Club—Athletics, Social Items, Etc.

(Special Star Correspondence.)

West Raleigh, N. C., Nov. 8.—During the past week a students' Democratic Club, known as the 'Anti-Marionette" Club, was organized with the following officers: H. R. Cotes, chairman executive committee; Geo. R. Ross, secretary; A. J. Kirby, treasurer; R. W. Graeber, A. J. Kirby, R. L. Morrison, G. R. Ross and H. L. Cotes, executive committee.

Saturday night the Robeson County Club of Meredith College entertained the Robeson County Club of A. & M. at an informal reception at Meredith College, which was greatly enjoyed by all present.

The students, at chapel in Pullen Hall, last Friday morning, had the pleasure of listening to a short talk by Dr. C. A. True, of Washington, D. C., head of all the U. S. government experiment stations located in the different States.

The students of the college were very much disappointed that the game of football scheduled to be played with Washington & Lee in Lynchburg Saturday was cancelled by the management of the football team of the latter institution, over the protest of the student body of Washington & Lee, as the game would have afforded an oportunity to judge of the relative strength of A. & M. and V. P. I., who meet in a great championship gridiron struggle in Norfolk at their annual game on Thanksgiving, as Saturday a week ago V. P. I. defeated Wasington & Lee in Roanoke by a score of 23 to 0.

So far this season A. & M.'s football record is very good, Georgetown being tied, 0 to 0, and Villa Nova, one of the strongest teams that ever played in this State, being tied 6 to 6.

Eastern College was defeated 22 to 0 last Saturday. Three more games remain to be played. Richmond College here on the 12th; Wake Forest at Wake Forest on the 19th, and V. P. I., in Norfolk on Thanksgiving.

The team is in fine trim now and every effort is being bent toward sending the team into such form that the victory in oNrfolk Thanksgiving will be ours.

TIGER IS ARRESTED.

Rocky Mount Police Take One In of the Walking Variety.

(Special Star Correspondence.)

Rocky Mount, N. C., Nov. 8.—Herbert Muhead, a handy negro about town, who attracted more than passing note recently because of an alleged legacy that he claimed was left him in Petersburg, Va., and about which he recited a pretty straight story at the time, but it panned out there was nothing to it, has come to grief. After having been suspected of violating the prohibition law for some time the police yesterday hauled him into the toils of the law and this morning he was given an eight months sentence for retailing the fire water. The negro, who is a mulatto, has been long a suspect of the police and they have been positive that he was not drinking all of the hundred or more pints of whiskey that he was receiving, shipped to him each week On the stand this morning a member of the police force testified that to his certain knowledge the negro received 125 pints last week and that there was at present in the express office 60 pints addressed to this violator of the prohibition law. The police had the defendant in tow before the last consignment arrived.

DIED IN A. C. L. HOSPITAL.

Young Man From Fayetteville—Wall Street Special—Poultry Show.

(Special Star Correspondence.)

Rocky Mount, N. C., Nov. 8.—Mr. L. H. Montrose, a young man formerly employed with the Atlantic Coast Line at Fayetteville, died yesterday at the Atlantic Coast Line Relief Hospital at South Rocky Mount where he was brought for treatment for typhoid fever. There was little known about the young man who was only a few days ago brought to the local hospital. His remains were shipped yesterday afternoon to his former home at Mars Bluff, S. C., where they will be interred in the family burying ground there today.

What is styled in the railroad world as the "Wall Street Special" from New York city to Savannah, Ga., will be operated Thursday morning, southbound to the automobile races at Savannah for three days to be spent there, returning northbound will pass this city on Monday morning the 18th. The "Wall Street Special" will be handled by the Pensylvania and the Atlantic Coast Line and it is expected that the same will be made up of nine Pullman cars and a dinner car. The train will be handled on a fast schedule over the first division of the Atlantic Coast Line.

A poultry and pigeon show is being arranged by the Rocky Mount Chicken Fanciers' Association to be held November 21, 22, 23, and the event is being anxiously awaited by the many persons in this city and section of the State who are interested in the raising of fine poultry and pigeons. The full announcements will be made at an early date though it is understood that Mr. J. W. Thurman has in charge the arranging the preliminaries.

ROCKY MOUNT Y. M. C. A.

Fund Being Rapidly Raised in the Railroad City.

(Special Star Correspondence.)

Rocky Mount, N. C., Nov. 9.—"Where is the Y. M. C. A. fund," is the question on the streets today and nobody can answer until a meeting of the committee tonight. The public knows that it is somewhere between 4,000 and $5,000, but there was no committee report last night, and the interest is growing intense and a majority of the citizens are expecting that the fund is well over the half way mark between the four and five thousand dollars, while it is a known fact that the committees are working hard, and straining every nerve for a raising of the entire amount. "Colonel" Tillery, as he is known in the Y. M. C. A. parlance, being chairman of the committee, is directing his forces well, and every hour finds an advance in the figure towards the coveted $5,000 mark. Dr. G. G. Thomas, who is in no small measure responsible for the liberal offer of the Atlantic Coast Line in the purchasing of a site and the erection of the building, was here yesterday upon other business, but did not miss the opportunity of saying a cheering word to persons promiqent in the raising of the money for the local association.

When the question was asked Dr. Thomas when the railroad company would break ground for the building, he replied that he did not know, however, he understood that bids had been received and the matter was now in the hands of the departments in Wilmington. However there is no reason to think that the building will be held up, as the appropriation has already been made and work may be expected within a short time.

TO DRAIN MATTAMUSKETT LAKE.

One of the Biggest Undertakins Ever Attempted in the United States.

(Special to News an. Observer.)

Wilson, Nov. 7.—The contract for the drainage of 577 tracts of land in Hyde county has been let to the Brett Engineering and Contracting Company, of Wilson, as will be seen by the following:

"On Monday, October 31st, and November 1st and 2d, the final report of engineers and viewers of the Mattamuskeet lake drainage district, Hyde county, was heard at Swan Quarter before the clerk of the Superior Court.

"Out of 577 tracts of land in the district only three appeals were filed. The election of the drainage commissioners will be held on the 13th. With the election of the commissioners, the drainage district becomes a body corporate by virtue of the new drainage law and the drainage of 100,000 acres of fertile land, including Lake Mattamuskeet, is assured. This drainage project is in some ways the largest and most daring of any heretofore undertaken in the United States. About eighty miles of canal will lead surface water to a large reservoir to be constructed on the south side of Lake Mattamuskeet, where an immense pumping plant, capable of discharging 2,000 cubic feet of water per second, will be erected to life the water from the reservoir into a navigable out-fall canal which carries into Pamlico Sound. The planing of the work and surveys have been under way since October a year ago. Mr. Lawrence Brett, of Wilson, N. C., was engineer and Mr. Walter Jarvis, of Scranton, and A. R. Davenport, of Leechville, were the viewers."

ROCKINGHAM'S NEW RAILROAD.

Track Laying Will Begin January 1st —Two Outlets to the Coast Over Truck Lines.

(Rockingham Post.)

The contractors on the new Rockingham Railroad Company are pushing the work with a will. Eight camps are now stretched along the line from Roberdel to Gibson. This includes the two steam shovels and the pile driver. Already seven miles of the grading has been made ready for laying the rails. Most of this has been done on the Gibson end of the line. The pile driver is getting in the supports and making ready for the trestle builders, while the steam shovels are throwing wagon loads of dirt at the time and getting ready for the track layers. The actual work of laying the track will be gin about January 1, and will be rushed through and early in 1911 Rockingham will have two outlets to the coast and the big trunk lines.

SHOOTING NEAR RALEIGH.

Drunken Brawl May Result Fatal for Nilas O'Neal.

(Special Star Telegram.)

Raleigh, N. C., Nov. 8.—In a drunken quarrel over a game of cards today, Nilas O'Neal was fatally shot by Bud Morris, a shot gun being used. Both are well known farmers and members of families in New Light township, where the shooting occurred.

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Aikey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

THE MORNING STAR
FOUNDED A. D. 1867

Published by the
WILMINGTON STAR COMPANY (Inc.)
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Wednesday, November 9, 1910.

The election is over and the people will be glad to get a rest from the peanut politician, the ranter, the vituperater, the slanderer and the whangdoodle.

Col. Roosevelt declares that his principal avocation is to "chase crooks." That may solve the problem of what shall our Ex-Presidents do, but if a man is straight himself now in the world does he expect to get onto the curves of other people?

It is annuonced that more than 20 per cent. of the men nominated by the Democratic and Republican parties as candidates for Congress in the election held yesterday had expressed themselves as in favor of woman suffrage, fully or partially. That, however, has nothing to do with the belief that Col. Wade Harris, of the Charlotte Chronicle, and Col. Joe Reece, of the Greensboro Record, are prepared to speak evasively and cautiously on this subject.

An Ohio farmer married the bearded lady of a side show. Astonishment has been expressed at his choice. However, the farmer may have found out that the receipts at the ticket office were pretty big and came to the conclusion that he could make more money out of his bearded wife than he could out of bearded wheat. He is not the only American who has the commercial idea mixed up with matrimony. Some men seem to know they can fare better when they get on their wife's pay roll.

All counties interested in the subject of drainage should not forget that the State Drainage Association will hold its annual convention in Wilmington Nov. 21st, 22nd and 23rd. County commissioners, commercial clubs and business organizations should be represented. Citizens who are interested can appoint themselves delegates and be on hand for the most interesting meeting of the kind ever held in North Carolina. Drainage is one of the most progressive steps that can be taken in this State.

At Cairo, Ill., yesterday the election, strange to say, involved only one issue—the race issue. The voters cared nothing for insurgency, new nationalism, the tariff or the high cost of living. The voters were divided between one set of politicians, who it is claimed, have negroized Cairo, and a strong opposition which wants a white man's government. One-third of the inhabitants of the city are negroes and they hold the balance of power. In Cairo there is as much feeling over this race question as ever appeared in a Southern election. The result will be watched with interest.

The divorce evil will never be lessened unless there is some movement to make the marriage tie more sacred. The levity and mockery with which marriage is treated in some of our large cites is shocking, to say the least. William A. Curran, a Philadelphia man, got a divorce from his wife on Monday and won a wager of $10,000 that he could find another woman and be married in 120 hours. He found the willing woman, the marriage took place Saturday and the couple left at once for Europe to spend the $10,000. Among people like that there is nothing sacred about marriage. A New York man paid a broker $5 to get him a wife, he was married Sept. 18th, and last Sunday he had his wife arrested on acharge of bigamy, as it seems she had been sold into matrimony at least one time before he got a chance at her.

DEMOCRATIC LANDSLIDE.

As was expected, it was a Democratic landslide yesterday. Altogether, the result of the election held throughout the United States was a glorious victory for the Democracy. There can be nothing but the greatest satisfaction that the American people have come to themselves and have delivered a crushing rebuke to the party which has dominated this country and conducted the people's government for the benefit of special interests and to the detriment of the interests of the people as a whole. The result of the election indicates that the people decided to elect a Congress which would legislate for the interests of all the people and not for the interest of the favored classes who have grown enormously rich under Republican favoritism.

The election yesterday emphasized the revival of the Democratic spirit in this country. The glorious result marks the renascence of the Democratic party. Since the administration of President Grover Cleveland, the only Democratic chief executive in fifty years, the Democratic party has existed in fragments, owing to its division into factions, with the predominance sentiment taken up with new and strange policies and issues which a large element in the party rejected as unsound. The result of the election yesterday, however, demonstrated that when the party leaves off new isms and fights its battle on the principles for which it has stood since the foundation of the government, it has the majority of the people of the Republic with it.

The Baltimore evening Sun remarked a few days ago that "since the time of Grover Cleveland a large percentage of the voters of this country—perhaps the majority—have been unable to vote their real sentiments in any National election." The consequence is, the Evening Sun contends, "they have had only the doubtful blessing of being able to choose between two evils." Our esteemed Baltimore contemporary continues: "The tariff reform man in order to avert disaster has had to throw his lot in with the part of protection. The opponent of centralization has had to vote with the party of Roosevelt and Root."

Whatever may have been the cause of the divisions in the Democratic party, the American voters seem to have been agreed upon the issues which were presented to them yesterday. There were no new, strange or radical "paramount" issues to confuse voters and cause disaffection in party ranks, but while that is true the verdict of the people at the polls means more of a rebuke to Republicanism than it does an endorsement of National Democracy. It means, however, that the Democracy is taken on trial once more and if the party clings to its old time principles and avoids new and doubtful policies and indefinite theories of government, the Democratic party will elect a President in 1912 and perhaps be trusted with a long lease of power. The winning of the Democracy means that the government of this country will be restored to the people.

The overwhelming election of Dix, Democratic candidate for Governor in New York, was a severe condemnation of Ex-President Roosevelt and it clearly eliminates him as a factor in National politics. The result in Ohio where Governor Harmon, Democrat, was re-elected, was a serious disaster for President Taft. If, in addition to Harmon's re-election, there has been any considerable gain in Democratic Congressmen, it is a palpable if not emphatic repudiation of the administration and it logically debars Taft from renomination by the Republican party two years hence. With Roosevelt and Taft both meeting condemnation at the hands of the voters in two of the largest States heretofore depended upon for Republican majorities, it leaves the Republican party practically without a head, rudderless and issueless, for the next Presidential campaign.

The general results of the election indicate a Democratic landslide, but the generalities are so extensive that it is not necessary to refer to the pronounced Democratic success in the various States. We speak here only of the general results, while the Star's Associated Press dispatches cover fully the news which gloriously tells of the great Democratic triumph in the Republic.

The automobile is still a good many laps behind in the slaughter of humanity. Up to the 30th of last June the railroads of this country killed 3,804 persons and injured 82,374. The number killed was 1,013 more than were killed the previous year, while 18,454 was the excess of the injured over the previous year.

Marion Butler threatens revelation of a secret that will "make Democratic drybones rattle." If the Sampsonian could have done that he would have taken ghoulish glee in making them rattle while Democrats have been taking the hide off him. The fact is, people would look on Butler's alleged revelation with due consideration of the source.

FREE SAMPLE OF LAXATIVE CURED THEIR CONSTIPATION

When a person has become discouraged through years of failure to find a cure, and finally, perhaps, gives up trying, it is small wonder that he becomes skeptical. And yet, to all who have constipation, we would say, "Try just one thing more."

We wish you would try Dr. Caldwell's Syrup Pepsin, a laxative tonic that has been used for a generation. Thousands are using it; surely some of your friends among the number. You can buy it of any druggist at fifty cents and one dollar a bottle, but better still, send your name and address to Dr. Caldwell for a free sample bottle. He will send you enough to convince you of its merits, and then if you like it you can buy it of your druggist. Mr. J. J. Petty of Unionville, Mo., Mr. George W. Zimmerman of Harrisburg, Pa. and many others of both sexes and in all parts of the country first used a sample bottle and now have it regularly in the house.

You will learn to do away with salts, waters and cathartics for these are but temporary reliefs while Dr. Caldwell's Syrup Pepsin is guaranteed to cure permanently. It will train your stomach and bowel muscles so that they will do their work again naturally without outside aid. Cast aside your skepticism and try Syrup Pepsin.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

WORLD'S CORN GROWING RECORD.

The two Carolinas, leading the South in industrial development and pushing Massachusetts for the first place as the leading cotton manufacturing State in the Union, now come forward to astonish the world with their corn-growing records. The Carolinas hold the world's record for the production of corn per acre.

South Carolina is a little ahead of North Carolina on corn growing on its "prize" acres but North Carolina comes second and so close to the South Carolina record that it is a mere matter of skill and luck as to which State shall have the lead in the next contest. South Carolina leads this Fall with a production of 258 bushels of corn grown on one acre of land. A South Carolina boy 17 years old, who has smashed the world's record as a corn grower, lives near Bennettsville and the Columbia State announces that his claim will be verified in a few days by Ira W. Williams, State agent of the United States farm demonstration work who has gone to Bennettsville to examine the records. His name and the names of other boy corn-growers who have made big records will soon be made known, together with thousands of dollars in prizes to be distributed among them.

Previous to the Marlboro county boys' record of 258 bushels per acre, a youth by the name of Drake held the leading place with a yield of 255 bushels. Last week, says the Columbia State, the announcement was made that a Florence county boy had produced 228 bushels of corn on one acre of land. That also is counted as a record. The Florence county boy was only 15 years of age and his achievement has created wide-spread interest and discussion, not alone in South Carolina, but everywhere. Speaking of the wide interest in corn growing created by the organization of boys' corn clubs, and the offering of prizes for the greatest yields, the Columbia State says:

"Last year the name of A. Bascombs Usher, the 17-year-old boy of Marlboro county, was sent broadcast through the press of the country because he produced 152 1-2 bushels of corn on one acre of land. Now his younger brother has beaten that record and has produced 188 bushels on one acre of land. This is official information and was announced by Ira W. Williams. That the Pee Dee section of South Carolina is one of the most productive sections of the world is shown by the large yields of corn that are being secured.

"There will be more than a score of South Carolina farmers to produce more than 150 bushels of corn on one acre of land and many of these are members of the boys' corn clubs. Spartanburg county has reported a yield of 152 bushels on one acre.

"Never before has there been so much interest in corn production in South Carolina. The estimated yield for the State is given as 50,000,000 bushels. The average yield per acre has been increased during the year by over five bushels.

"The announcement made several days ago that a boy 15 years of age had produced 228 bushels of corn on one acre of land has caused much discussion in South Carolina and the farmers of the State are very much interested in how the great yield was produced.

"The young boy whose name has not been announced by the United States farm demonstration workers is from Florence county, and is the son of a minister, the marvelous yield being secured on the parsonage land.

"It is estimated that there will be more than 100 boys in South Carolina to produce more than 100 bushels of corn on one acre of land. There will be several to produce more than 150 bushels."

The interest in corn-growing in North Carolina is but a repetition of the achievements in South Carolina. The boy corn-growers in North Carolina have also made big records, the largest yield, we believe, being 256 1-4 bushels per acre. These contests have astonished the world and the records are highly creditable and indeed marvelous. They demonstrate the great possibilities which we have neglected. We have drawn on the West for our corn supplies and drained this country of millions of dollars for the purchase of corn when we can beat the West and all other sections of the habitable globe in the production of the most valuable of all the cereals. The South must grow its corn and keep its money at home, and this is one more good time to call attention to the fact that we ought to be ashamed to buy even a bale of hay or a bushel of corn when in North Carolina and other Southern States we have productive oportunities far exceeding those of other States.

Marion Butler and his whiskers went up in the air yesterday and will not "come back."

Rough Riderism, ananiasism and standpatism were repudiated by the American sovereigns at the balot box yesterday.

For awhile after the election, whichever party wins, there will be the usual melancholy reflections on whither are we drifting.

The Virginia papers keep on bragging about the Smithfield ham. If they are as good as our Pender county hom, the are doing their part to tempt epicures and increase the cost of living.

Colonel Roosevelt and those who have indulged in adamadversions upon each other's veracity during the campaign should get together after the election and let us all know who is the real reckless prevaricator.

A young man who is throwing his money away in his heyday is doing so without thinking of the day when he may need it to nurse rheumatism or prevent himself from being listed among the fossils. Start a savings bank account.

A rich Baltimore girl paid a fellow $200 to mary her with the understanding that after the ceremony he was not to show up again. The payment of $200 to most sports surely would be a guarantee that they wouldn't show up again till the money gave out.

One of the candidates defeated for Governor in New Hampshire yesterday was Mrs. Maria Ricker. She boldly declared her platform and there was nothing two-faced about her political pretentions. However, she let it get out that she was 80 years of age and that settled it so far as grandma was concerned. Youth is the fortune of any woman or man.

CURRENT COMMENT.

When the poutical parties are afraid to tackle it you may know that prohibition is here to stay.—Durham Herald.

But none of the candidates have attempted to explain why ten-cent eggs are selling at thirty cents a dozen.—Durnam Herald.

Mr. Butler can hardly expect us to believe that he knows something that would embarrass the Democrats and refuse to tell it.—Durham Herald.

Some of our contemporaries are disposed to marvel that Sherman should have left New York to campaign in North Carolina at a time when the Republican party in his home State was in the last stages of a deadly panic. Maybe it was because the campaign managers thought he could do the party less harm in North Carolina than in New York.—Norfolk Virginian-Pilot.

No man has a right to wonder why his city is not progressing and developing like other cities, if he isn't a member of some organization which is working to promote the interests and development of his city. Drones are supposed to do nothing and say nothing. A swarm of bees with too many drones in it makes no honey.—Wilmington Star.

The man that throws up his hat and hurrahs for his town is the man with the proper spirit.—Durham Sun.

The Wilmington Star says if girls of other towns look as chick and chipper and altogetner as lovely as Wilmington girls do in their hobble skirts and new fangle hats, the dress by that name will soon become the ideal thing. As far as we know, Salisbury girls have not yet adopted the hobble skirt, and as they are known everywhere as the prettiest girls in the world, we hope they will let "well enough alone." With Salisbury girls beauty has reached perfection. Pray, then, what excuse could they have for adopting the hobble?—Salisbury Post.

It is not going to be long before a new dictionary to take care of the new words being coined is needed. For instance, the Wilmington Star says "Secretary Ballinger's Attorney, John Vertrees, Esq., got under Roosevelt's skin in an address which he issued through the State Democratic committee in Tennessee on Monday. It corners Teddy about refraining from displaying his wisdom concerning the negro problem, while eulogizing old John Brown and making a martyr and saint of the villanous fanatic who led a movement inspired with murder and anarchy. He calls the Colonel 'that pansophical, self-appointed school master,' which is a new one on America's polyhedrical politician." Perhaps these are not new words— we are not sufficiently posted—but they had just as well be new. They are at least jawbreakers.—Greensboro Record.

Mr. Roosevelt's conduct in this campaign has been a public scandal—a national disgrace.

Never before did any man who had been President of the United States descend to the gutter of ward politics and sweep up its dregs with the prestige of his great office. Never before did any man who had been President of the United States show himself ready to sacrifice every consideration of political decency in order to make his way back to the White House. On June 18, Mr. Roosevelt, returning from Africa and Europe, said in response to Mayor Gaynor's address of welcome that—

"'Any man who has ever been honored by being made President of the United States is thereby forever after rendered the debtor of the American people and is bound throughout his life to remember this as his prime obligation, and in private life as much as in public life so to carry himself that the American people may never have cause to regret that they have placed him at their head.'"

Mr. Roosevelt has remembered his "prime obligation" by conducting a campaign of slander and vilification, of cheap demagogy and personal abuse, which has not been surpassed in the recent history of New York politics. He has made the same kind of a campaign against Mr. Dix that Mr. Hearst made against Mr. Hughes in 1906. He has made the same kind of a campaign against Judge Baldwin in Connecticut that he has made against Mr. Dix in New York. He has made the same kind of a campaign against Mr. Foss in Massachusetts that he has made against Judge Baldwin. He has made the same kind of a campaign against Gov. Harmon in Ohio that he has made against Mr. Foss.—New York World.

RETURNS LOCALLY.

Intense Interest in Democratic Landslide Over Nation Yesterday.

There was the greatest interest locally last night in the returns from the State and National elections and the bulletins displayed by the Star on a canvas across the street were read eagerly by a large crowd which assembled in the street and received the glad tidings of Democratic triumph. The bulletins were projected on a stereopticon, through the courtesy of Messrs. Howard & Wells, of the Bijou, and a much better service was possible this year on account of a new and useful invention by Mr. H. D. White, Associated Press operator in Raleigh, who has invented what is known as "Typo Pads" by means of which the returns may be made in typewriting instead of by long hand. Also by means of this wonderful invention, which was used by some of the largest papers in the country last night, it was possible to transmit to the canvas pictures from stereotypes of the leading candidates. The bulletins were appreciated by the public and the Star is very glad to have been of service to its many friends in this respect.

MERCHANTS ARE KICKING

Protest Against Enforcement of Law Relative to Display of Goods on Sidewalks—Must Obey Mandate of the Aldermen.

Immediately after the meeting of the Board of Aldermen Monday night at which the police were criticised for not enforcing the ordinance prohibiting the display of goods and wares on the sidewalks in front of stores, Chief of Police Williams issued orders to his men to have the obstructions moved forthwith from every sidewalk in the city, excepting Front street, from Dock to Orange, the ordinance adopted Monday night relative to this street not being effective until December 1st.

Bright and early yesterday morning the police set about to carry out the orders of Chief Williams, who had been instructed by the aldermanic body to see that the law is rigidly enforced hereafter. A general howl went up from the merchants accustomed to displaying their goods and products in front of their stores and the offices of the Mayor and Chief of Police were beseiged throughout the day by angry dealers who declared that things were indeed coming to a pretty pass in Wilmington, when the privilege of using a portion of the sidewalks was denied them. A Syrian approached the Mayor on the streets yesterday afternoon and smote his breast and asked: "What-a you want-a to me in prison for, me voted for you." The Mayor repiied that he did not have anything to do with the ordinance, that the Aldermen had instructed the chief of police to enforce it and .. the Syrian desired relief he should consult the Alderman from his Ward. Me not know me had an Alderman," was the Syrian's reply.

Several persons stated to Chief Williams that they would, of course, have to obey the law, but that there was one thing certain, people having fences, buildings and grass plats on the sidewalk would have to move off the city property; that if the Aldermen were so all-fired particular about the obstruction of the sidewalks with goods and products of the merchants that they should at least be consistent and order everything taken from the sidewalks. They declared that they proposed to fight to the bitter end for the removal of all obstructions since the Aldermen had decided to enforce the law against them.

Chief of Police Williams found that Alderman Fales, doing business at Sixth and Castle streets, was also violating the ordinance by permitting a large chicken coop to occupy space in front of his store. "This must be moved," said the chief to Alderman Fales' clerk. "Why, what is the matter?" interrogated the clerk. The chief explained and the clerk agreed to move the coop, but thought it an unreasonable requirement.

The Aldermen will very likely be called upon at the next meeting to repeal the ordinance and following their usual custom they will do as requested and again permit the sidewalks to be obstructed as the merchants and others see fit to do.

A COLORED REFORM SCHOOL.

C. H. Watson Here Soliciting Aid.—At St. Luke's Last Night.

C. H. Watson, manager and solicitor of the Colored Reform School Association of North Carolina, is here soliciting aid for this worthy object. He has the endorsements of several well known North Carolinians, who have contributed to the Association.

The Association, organized for the purpose of reforming colored youths and keeping them off of the roads and out of convict camps, has bought 360 acres in Mecklenburg county and as soon a smoney is subscribed buildings will be erected. At the next session of the Legislature an appropriation will be asked to further the work of the Association. The solicitor spoke to the colored people at St. Luke's church last night.

DOUBLING GAS MAINS.

Lines on Princess Street Being Enlarged to Meet Increasing Demand.

Under the supervision of Foreman John McAllister, the Tidewater Power Co., is relaying its gas mains on Princess street to meet the steadily growing demands for the service. The pipes are being laid with other mains just double the size of those at present in use and consumers on this line will receive a very much improved service. Mains heretofore used have been three inches in size, while those at present being laid are six inches in size. The relaying of the mains is from Front to Third street.

Feedral Court Today.

With Judge H. G. Connor, of Wilson, presiding the regular Fall term of United States Circuit and District courts will convene here this morning. The criminal side of the docket, which will be taken up first, is very light and will be disposed of in a few days. The civil calendar is the largest ever known here and this will occupy the attention of the court for some days. District Attorney Seawell, of Carthage, and Assistant District Attorney Meekins, of Elizabeth City, will be here to look out for the interests of the government. Former Assistant District Attorney Harry Skinner, of Greenville, is expected to be here when the civil calendar is reached as he appears as counsel for the railroads in all the cases in which railroads are interested.

TRUSTEES MAKE DECISION

Local Christian Science Church Closed by Directors of the Mother Church—An Authorized Statement by Trustees.

Editor of The Star:

Dear Sir:—For nearly eight years, First Church of Christ, Scientist of Wilmington, N. C., has been a public institution in our city, and has been the recipient of much kindness and many courtesies from a considerable part of the community. Realizing that our friends have the right to know why we discontinue our services and close our Reading Room, we ask that you will kindly give space to the following statement, which is our final word regarding the subject.

During the latter part of the summer, our practitioners who were advertised in the Christian Science Journal had their cards removed therefrom because of their refusal to denounce their teacher, Mrs. Augusta E. Stetson, of New York City.

Early in August, the clerk of this church, First Church of Christ, Scientist of Wilmington, N. C., received a communication from the Christian Science Publishing Society, asking for the names and addresses of the members of our church. This information was promptly furnished, and on August 21st, the following was received by each member of this church:

Dear Miss ——:

The question has been raised whether First Church of Christ, Scientist, of Wilmington, N. C., is able to comply with Article XXIII, Sect. 7, of the By-laws of The Mother Church. (this By-law reads as follows:

("A branch church of The First Church of Christ, Scientist Boston, Mass., shall not be organized with less than sixteen loyal Christian Scientists, four of whom are members of The Mother Church. This membership shall include at least one active practitioner whose card is published in the list of practitioners in The Christian Science Journal.)

To enable us to determine this question, we wish you would answer the following questions:

1. Are you an adherent or follower of Mrs. Augusta E. Stetson?

2. Dou you believe that Mrs. Stetson was unjustly expelled from The Mother Church?

3. Do you regard Mrs. Stetson as the object of persecution by the officers of The Mother Church?

4. Do you believe her to be a sincere and genuine Christian Scientist?

(Signed) Clifford P. Smith.
Sec. of The Christian Science Pub. Society.

These questions, with the exception of the first one, were answered in the affirmative. The answers to the first question, while perhaps differing slightly as to phraseology, were substantially this: "I am an adherent of Christian Science, a follower of its Leader, Mary Baker Eddy, who has taught us to follow her only as she follows Christ."

On Nov. 7th, the members of our church again received a communication from the Christian Science Publishing Society stating that the letters received from our members in August "exhibit a condition of thought that is foreign to Christian Science. This organization having thus been taken out of the Christian Science movement, it becomes necessary, for the protection of the public and the Cause of Christian Science, to drop it from the list of Christian Science churches, and this has been done by order of the Christian Science Board of Directors.'

At a meeting of First Church of Christ, Scientist of Wilmington, N. C., held Monday, Nov. 7th, in the church edifice, the clerk was instructed to write Judge Clifford P. Smith, Sec., of The Christian Science Publishing Society, that in compliance with the demand of The Christian Science Board of Directors, we will discontinue our public services and Sunday School, and close our Reading Room.

This action on our part is to be construed as follows:

1. As loyal Christian Scientists who are striving to live up to the standard held always before our gaze by our beloved Leader, Mary Baker Eddy, which standard is neither more nor less than the perfect life lived by Christ Jesus, and recommended by Him to His followers, Matt. 5:48, we, therefore, submit to Temporal Authority that which is temporal, namely, the outward form, and visible service of our church organization.

2. By this action, we reserve to ourselves the "inalienable rights with which Gad has endowed man, among which are self-government, reason and conscience" (Science and Health by Mary Baker Eddy), in order that we may "have always a conscience void of offence towards God, and towarde man." (Acts 24:16.)

Very respectfully,
F. A. FENNELL, (Clerk)
A. C. SNEED,
MRS. HETTIE E. FENNELL,

MURCHISON INCREASES STOCK

Stockholders Meet and Adopt Recommendation of Directors—Capital Now $875,000—Meeting Yesterday Noon.

In accordance with previous announcement the stockholders of the Murchison National Bank, of this city, met yesterday at noon in special session. Mr. B. Solomon was elected chairman and Mr. J. V. Grainger, secretary of the meeting.

After Messrs. C. E. Taylor, and Thos. H. Wright, a committee appointed to ascertain the number of shares present, had reported 4,733 out of a total of 5,500 shares represented either in person or by proxy, the chairman declared the meeting regularly organized and ready for business.

Mr. H. C. McQueen, president of the bank, then stated that the object of the meeting was to act upon a resolution from the Board of Directors authorizing an increase of the capital stock of the bank from $550,000 to, not exceeding $825,000. Mr. McQueen further stated that the business of the bank had so increased during the last few years that this extension of the capital was deemed wise in order that the capitalization should keep pace with the institution's growth in business. It was proposed to sell the new stock to the present shareholders in proportion to their holdings at par. The resolution was unanimously carried and the meeting adjourned.

It will doubtless be of interest to all to learn that the Murchison National Bank has more capital, surplus and resources than any other bank in the Carolinas, and is one of the strongest financial institutions in the entire South.

The bank has always accorded its patrons liberal treatment and is ever ready to aid any worthy enterprise. Its officers and directors earnestly desire to promote the gorwth and importance of commercial Wilmington and believe the proposed increase in the bank's capital will enable it to still better serve the business interests of this entire section.

MRS. ARTHUR PREMPERT DEAD.

Remains Brought Here Last Night From Winston-Salem.

Many friends of the family will tenderly sympatnize with the bereaved ones in the death of Mrs. Nellie Gardner Prempert, wife of Mr. Arthur Prempert, which occurred yesterday at the family home in Winston-Salem. The remains, accompanied by the bereaved husband, other members of the family and friends, arrived in the city last night and the funeral will be conducted from Grace M. E. Church at 11 o'clock this morning.

Mrs. Prempert was in the 35th year of her age and was a native of Wilmington, being a daughter of the late Junius Gardner, of Wilmington. She is survived by her busand and a number of children, all of whom have the tenderest sympathy of many friends.

MRS. MARY A. RISING DEAD.

Passed Away Yesterday at Home of Her Daughter in This City.

Friends will regret exceedingly to learn of the death of Mrs. Mary A. Rising, wife of Mr. Richard F. Rising, who passed away at 6:20 o'clock yesterday evening at the home of her daughter, Mrs. E. S. Piver, No. 505 Church street, after a lingering illness, in the 64th year of her age. Mrs. Rising is survived by two daughters, Mrs. E. S. Piver and Mrs. Robert L. Piver, who with all other relatives have the tenderest sympathy of many friends. The funeral will be conducted from the residence at 4 o'clock this afternoon and the interment will be in Bellevue.

LECTURE ON THE PASSION PLAY.

Rev. T. A. Smoot at Grace Church Tomorrow Evening at 8 O'clock.

At Grace M. E. Church, tomorrow evening, at 8 o'clock, Rev. T. A. Smoot, the pastor, will lecture on the "Passion Play," which he witnessed in Belgium during his travels in Europe last Summer. The "Passion Play" is repeated every ten years and is a notable event, attended by people from all parts of the world. Mr. Smoot has an especially prepared lecture on the play, and was recently heard to advantage and with appreciation by a large audience at the Southern Conservatory of Music in Durham. The lecture tomorrow night will be under the auspices of the Epworth League and the public is invited to attend. No admission will be charged.

Mrs. A. D. Kennedy Bereaved.

Friends tenderly sympathize with Mrs. A. M. Kennedy of this city, in the death of her sister, Mrs. Lucy Bradley Brantley, which occurred at her home in Jacksonville, Fla., Sunday. Mrs. Brantley was 72 years of age and besides Mrs. Kennedy is survived by one daughter, Mrs. A. J. King, of Jacksonville, Fla., and one brother, Mr. Marsden King, of Fairfax, Ga.

BIG VICTORY FOR DEMOCRACY

Godwin Leads Meares in County by a Majority of Nearly 900.—Less Than 50 Per Cent. Vote is Cast.—The Returns.

With only two precincts, Masonboro and Federal Point, to be heard from, the semi-official returns at midnight from the election in New Hanover county gives Congressman Hannibal L. Godwin, Democrat, a majority of 897 over his Republican opponent, Iredell Meares, Esq., of this city, who received only 164 votes, while the entire Democratic ticket was elected by a slightly bigger majority than given Mr. Godwin. The vote polled in the county yesterday was less than 50 per cent. what it was for Congress two years ago, when Godwin received 2,165 and Slocumb, Republican, 247, a majority for the former of 1,918.

The election passed off exceedingly quiet throughout the city and county and had one not known he would not have suspected an election was in progress. There was no trouble of any kind reported from any of the polls and the remarkable thing about the election in this county is the little interest taken. The vote was even smaller than any one had expected, no estimates placing the total vote of the county at less than 1,500, but early in the afternoon it was conceded that the vote would hardly reach that number.

The two precincts not heard from will not change the result and will not very materially change the figures, for there are only a few voters in either Masonboro or Federal Point township. The five wards in the city gave Godwin 965 votes and Meares 141, a majority for the former of 824. Mr. Meares ran considerably ahead of his ticket, however, and Mr. Godwin's vote fell considerably under. From the precincts heard from the State Democratic ticket received a vote of 1,113, while that of the Republicans was only 97. The following is the returns received last night:

State Ticket.

	Dem.	Rep.

There was no opposition for County Commissioners, the vote for whom was as follows in the precintcs heard from last night:

First Ward—Col. John VanB. Metts, and J. T. Kerr, 149 eacn; Vollers, 146; McEachern, 143; Divine, 148.

Second—Kerr, Metts, Divine, McEachern, Vollers, 173 each.

Third—Kerr, 246; Metts, 249; Divine, 244; Vollers, 239; McEachern, 239.

Fourth—Kerr, 188; Metts, 192; Divine, 186; Vouers, 190; McEachern, 186.

Fifth—Kerr, Metts and Divine, 273 each; Vollers, 274; McEachern, 272.

In Harnett township, 7 Mile Post, each got 24 votes, and at Delgado the vote was as follows: Kerr and Metts, 51 each; Divine, 49; Vollers and McEachern, 48 each.

Cape Fear township gave Kerr 29 and others got 26 each.

The following are the magistrates elected in Wilmington township, running about the same as other portion of the Democratic ticket: W. McD. Evans, George W. Cornemann, W. L. Burkheimer, E. C. Woodbury, S. A. Matthews, A. H. Jones, C. C. Covington, W. E. Perdew, R. H. Pickett, A. S. King, J. R. Davis, W. F. Jones, J. W. Smith, S. P. Raines, W. H. Cox, G. W. Smith, E. J. W. Anders, Geo. C. Jackson, A. McRae, H. W. Howell, E. B. King, T. W. Wood, W. D. Craig, D. M. Carroll, A. W. Elk.

Notes on the Count.

The count of the ballots progressed exceedingly slow in some of the wards, notably Third and Fourth, especially the latter, which was not concluded until about 1:30 o'clock, while in the Fifth, the largest ward, the result was announced at the Court House at 8:45 o'clock. It was very difficult indeed to secure information from the county precincts, there being so little interest on account of the certainty of an overwhelming Democratic majority. In the First Ward there were cast 134 straight Democratic tickets and only 27 straight Republican tickets, while in the Second there were 157 straight Democratic tickets and six Republican. George Rountree, Esq., prominent member of the local bar, received a complimentary vote for Chief Justice in the Second Ward, but the ballot was marked wrong and had to be thrown out. Two ballots were tarown out in this ward on account of the ballot being marked wrong. In the Third Ward there were 195 straight Democratic tickets cast and 11 Republican. Mr. B. O. Stone and W. P. Mangum Turner, Esq., received one vote each in the Third Ward for the House, while J. O. Carr, Esq., received one for Recorder, his vote, however, was thrown out, as the ballot was marked wrong.

The cause of the delay in the Fourth Ward, it was learned later, was on account of the fact that neither of the three election officers had ever had any experience with the new ballot system and had no one there to give them any information as to the easiest method of counting the ballots. Another cause was the uncomfortableness of the place in which they had to work.

Thanks to Young Men.

Woodus Kellum, Esq., New Hanover's next Representative in the General Assembly and president of the New Hanover County Young Men's Democratic Club, which did splendid work for the cause of Democracy, last night issued the following statement: "As president of the Young Men's

SPIELGARTENFEST SPECIALTIES.

Among the many different dancing specialties in the coming production of the "Spielgartenfest" there are many that will create much enthusiasm, especialy the double sextette. This is a beautifully arranged affair of six young ladies and six young men, who sing and dance. The dance is in the order of the famous Florodora sextette.

They will be costumed in catchy new designs and as every movement during the time that occupy the stage is in unison with each other, their work is very difficult, but rehearsals are making them perfect in the art.

Another group that will attract is the Yama Yama girls. They will wear the regulation one-piece costume and their signing and dancing is a marvelous creation for amateurs to undertake, but they will "make good" in the Spiel.

The Dutch maidens with their wooden shoes and German attire promise to convulse laughter sufficient for the ocasion. Then there are the Spanish dancers, about 20 in number, with fancy costumes and regulation tambourines, the Pirouette dancers, skipping rope, skirt dancing, ballots, etc., including a long list of dancing novelties.

CAPE FEAR GOLF CLUB ANNUAL MEETING HELD.

The annual meeting of the Cape Fear Golf Club, held at the club house at the links, east of the city Monday night, mention of which was made in yesterday's paper, was very largely attended and a number of matters of importance, aside from the election of officers, came up for consideration during the evening. Presiding was Mr. W. D. MacMillan, Jr., the retiring president, and Mr. H. deW. Rapalje, the retiring secretary and treasurer, kept a record of the proceedings. Reports were received from the officers and committees, emphasizing that which was already known, that the past season was probably the most successful in the history of the organization. The club was represented the past season at the Southern Golf Association tournament in Atlanta, and at the Carolina Golf Association tournament at Greenville, S. C. The officers for the ensuing year were given in yesterday morning's paper.

The matter of enlarging the links and other contemplated improvements were discussed at some length, after which the following committee was appointed to confer with the Cape Fear Country Club, owner of the property, with a view of consolidation and enlargement: Messrs. Thos. H. Wright, C. Van Leuven, C. McD. Davis and Thos. W. Davis.

It was decided to increase the membership limit for both ladies and gentlemen from 100 to 150. The present membership of the club is 182. The membership will very likely be greatly increased in the near future, for there is greater interest in golf now than ever before known in this city.

The formal opening of the club for this season will take place Saturday of this week when there will be a mixed foursome tournament. Members of the club are looking forward with great interest to the first match of the season.

Immediately following the meeting the ladies of the club served a delightful chafing dish supper, after which the party returned to the city on a special suburban car, arriving about midnight.

LOCAL DOTS.

—There were no local market quotations or posting of receipts at this port yesterday, New York or Chicago markets, on account of the general election throughout the country.

—Geo. Stephens, colored, was arrested yesterday afternoon by Patrolman D. W. Coleman on a warrant charging him with firing a pistol in the city limits. He will be given hearing before the Recorder today.

—The most important case in the Recorder's court yesterday morning was one against Denvill Pedrick, a young white boy, charged with assault with deadly weapon on another white boy by drawing a gun on him. Judgment was suspended upon payment of the costs.

—The schooner John H. May, Capt. Stille, arrived yesterday from Hoboken, N. J., with cargo of cement to be discharged at the Seaboard for interior shipment. The May had an exceptionally good passage down the coast, making the trip from New York in less than three days.

PERSONAL PARAGRAPHS.

—Messrs. J. L. Lancaster and Henry Hewett, of Supply, Brunswick county, came up to the city last night to get the election returns and to spend a day or two on a business trip.

—Rev. O. T. Mattox, pastor of the Advent Christian Church, Fourth and Church streets, left Monday for Jacksonville, Fla., to attend the State conference at Live Oak. He was accompanied by Mrs. Mattox and they will be absent from the city about ten days.

Theatrical

Despite the fact that it was election night, the Academy of Music was comfortably filled last night for the presentation of "Graustark", the story of a love behind the throne, which is a favorite with the local theatre-goers. The company presenting the play was particularly strong, and as one of those present remarked, each one was an artist. In the opinion of many it is the best attraction of the kind seen here this season. While each member of the company was good, above the average, special mention should be made of Miss Chrystal Benson, as Yetive, Princess of Graustark. "Miss Guggenslocker;" Mr. Chas. Bartling, as Greenfall Lorry, a wealthy young American; Mr. Arthur M. Finn, as Harry Anguish, his friend, an artist; Mr. J. H. Lewis, as Baron Dangloss, Minister of Police in Graustark; Mr. Louis H. Epstein, as Gabriel, Prince of Dawsberger; Mr. Jas. J. Muiry, as Prince Lorenz; Mr. Billie Lockaye, as Sistky "from the Bowery," railroad porter; Miss Violet Reid, as countess Dagmar, lady in waiting to Yetive, and Miss Allene Durano, as Ysabel, lady in waiting to Yetive.

At The Bijou Today.

"The Oath and the Man," a story of the French Revolution, an excellent Biagraph subject, will feature the bill at the Bijou theatre today. Another picture of inteerst that will be shown is "Peg Woffington," adapted from the novel written by Charles Reade.

The Crystal Palace.

Crowds are witnessing the fine bill offered at the Crystal Palace this week. Flag and White, the comedy team, and the Amiots Trio head the bill. The trio does an acrobatic, slack wire and hand-balancing act that is simply great. Freda Amiots is featured as the smallest clown on the vaudeville stage. The comedy team is also splendid and all in all, the bill this week is one of the best yet offered at the Crystal.

At Joyland.

The feature film at this popular little theatre for today will be "Dan the Arizona Scout," one of those Bison films that will please everyone and is full of life and will cause one's hair to stand on end and clap their hands. The next feature will be "The Lure of Gold", another Western feature. Both these are full of interest and should attract a large patronage. "Nobody Knows and Nobody Cares" will be another big offering for today.

Nothing so Tempting.

OLD NORTH CAROLINA REMAINS TRUE TO COLORS

(Continued from Page One)

Faison's majority will be about 300. Three townships in Jones give Faison 300, Butler 85.

1,200 in Wake.

Raleigh, N. C., Nov. 8.—Wake county gives 1,200 Democratic majority in spite of local factions for State and County ticket and 800 for Dr. E. W. Sikes, State Senate, on whom the Republicans and Democratic bolters made the hardest fight. This, the fourth congressional district, re-elected Pou, Democrat overwhelmingly.

Early State Report.

Raleigh, N. C., Nov. 8.—At 11 o'clock Democratic State headquarters claims a full Democratic delegation to Congress, claiming that Gudger defeats Congressman Grant in the 10th district by 800 and that Doughton's gains in Wilkes and other strong Republican counties of the 8th assures elimination of Congressman Cowles' Republican majority of 1,400 two years ago. In the 10th district 13 out of 15 counties constituting the district show 800 majority for Gudger, compared with 361 majority for Grant, Republican, two years ago.

In Craven.

Newbern, N. C., Nov. 8.—Craven gives about 900 for Faison, Democrat, a loss of 200. Pamlico gives Faison 674, Butler 500.

In Beaufort.

Washington, N. C., November 8.—As early as can be estimated up to 8 o'clock this evening Beaufort county will go Democratic by 750 majority on Congressional, State and General tickets. Quite a number of precincts not yet heard from and it is impossible to get accurate results tonight.

In Wayne.

Goldsboro, N. C., Nov. 8.—The election in Goldsboro passed off quietly. Goldsboro gives a Democratic majority of 600. All indications at this writing points to an increased Democratic majority in nearly all the county precincts and the majority for the county is estimated at 1,000. Dr. Faison is the choice of the county, with a majority of 600 or 700.

The county went Democratic in 1908 by over 900 majority. It will increase this majority in today's election.

From the Mountains.

Asheville, N. C., Nov. 8.—The Democrats have carried Buncombe county for the entire State, county and Congressional ticket by a majority averaging 500. J. M. Grudger, Jr., Democrat, is elected to Congress from the Tenth District by a majority of from 600 to 700 over John G. Grant, Republican incumbent. Buncombe will give Grudger a majority of 500, Haywood 800, Rutherford 500. Grant carries Henderson by 600, Macon 100. Returns compiled to date give Grudger a majority of more than 500.

Robert R. Reynolds, Democrat, is probably elected solicitor of the Fifteenth Judicial District, normally republican by 200 majority. Felix Alley, Democrat, is elected solicitor in the Sixteenth District. It is the greatest Democratic victory in Western Carolina in years.

Seven Hundred in Pender.

Burgaw, N. C., Nov. 8.—Chairman E. L. Larkins, of the Democratic County Executive Committee, tonight estimated the Democratic majority at 700. The election passed off quietly in all the precincts.

Major Stedman's Majority.

Greensboro, N. C., Nov. 8.—Major Stedman is elected by a majority of 3,400 according to the best returns at 11 o'clock tonight. Returns from Stokes and Surry are estimated. Votes by counties follows: Stedman, Alamance, 275; Caswell 550; Durham, 700; Guilford, 1,150; Granville, 1,100; Orange 150; Person, 150; Rockingham, 650; total, 4,725. Blair, Forsyth, 250; Stokes, estimated, 450; Surry, estimated, 600; total, 1,300. Stedmans majority estimated at 3,425. Mr. Blair is not making any statement beyond the fact that he does not think Major Stedman's majority will be large.

Twelve O'clock at Raleigh.

Raleigh, N. C., Nov. 8.—The North Carolina election indicates Democratic majority of about 50,000, with all ten congressmen Democratic. In the three districts Republican at last election, the Democratic majorities are estimated at about 800, in the eighth and tenth, and 2,000 in the fifth.

Pender Does Herself Proud.

Burgaw, N. C., Nov. 8.—At 12 o'clock tonight returns from every precinct except one, which is estimated, are in and Chairman E. L. Larkins announces the result as follows: Faison 913, Butler 342. Rivers D. Johnson, State Senate, 905, Brooks 182. Alderman, for House, 936, Johnson, Rep., 289. For Clerk of the Superior Court, Johnson 1,002, Sanders 238. For Sheriff, Atkinson 897, Blake 235. Register of Deeds Durham 913, Croom 210. County Commissioners, Democrats 912, Republicans 289. Chairman Larkins received tonight from Hon. Rivers D. Johnson, the following:

Warsaw, N. C., Nov. 8.—Mary Ann Butler passed through here today en route to Washington. He had the carpetbag bonds under his arm. He was escorted to the Pullman car by two of his cohorts, looking very dilapidated and the crowd at the station yelled, "We have buried Butlerism Forever!" Pender has done herself proud in today's election.

Sampson 1,200 Wrong.

Clinton, N. C., Nov. 8.—Incomplete returns indicate that the Republican majority in Sampson county will be about 1,200.

Not Sorry for Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c $1.00. Trial bottle free. Guaranteed by Robert R. Bellamy.

BIG VICTORY FOR DEMOCRACY

(Continued from Page Five)

Democratic Club I desire to thank the young men for their interest manifested in today's election. From personal observation young men took great interest and voted and also saw that their friends did the same.

The result of the election in this county is a great surprise to many, especially the Republicans, who had hoped to poll a much larger vote. There were a few Democrats who thought the Republicans would get a fairly large vote, but they were in the minority. The greatest surprise, however, is the little interest manifested by the people generally throughout the county, as shown by the small number of votes cast.

There was a heavy round of applause at the Court House, where the returns were received by the Democratic Executive Committee, when a bulletin was received conceding the election of Woodrow Wilson, formerly of Wilmington, as Governor of New Jersey. Wilson spent several years of his boyhood days in Wilmington and is pleasantly remembered by many in the city, who have been deeply interested in his candidacy.

The following police officers were assigned to duty at the voting precincts in the city yesterday: First Ward, W. R. Appiebury and D. M. Saunders; Second, A. D. Smith; Third, W. F. Craig; Fourth, J. R. Minshue; Fifth, M. C. Huggins and W. C. Moore.

HEAVY EXPENSE OF CRIME.

State of Georgia Has to Pay $5,000,000 Annupally on Court.

Columbus, Ga., Nov. 8.—In his charge to the Muscogee grand jury yesterday Judge Price Gilbert made the statement that crime is annually costing the State of Georgia $5,000,000 in court administration and policing cities and counties.

He maintained the expenses of Fulton county for courts and police were $363,194 last year, or $2 per capita, and held that this was an average for rthe entire State.

TRUSTEE'S SALE OF VALUABLE MILL SITE AND MACHINERY.

By virtue of a decree of the District Court of the United States, for the Eastern District of North Carolina, made in a cause therein pending, entitled "In re Angola Lumber Company, Bankrupt," the undersigned will sell, to the highest bidder, at public auction, for cash, on Monday the 28th day of November, 1910, at twelve o'clock M., at the Court House door of the County of New Hanover in the City of Wilmington, N. C., the following described land and premises, situate in the County of New Hanover, State of North Carolina, adjoining the Northern boundary limits of the City of Wilmington, beginning at an iron post in the northern line of the right of way of the Wilmington & Weldon and Wilmington, Columbia & August Railroads (now Atlantic Coast Line Railroad) and the Charlotte & Rutherfordton (now the Seaboard Air Line) Railroads, the said right of ways described in a deed from G. W. Gaffin to the said Railroads, dated October 2nd, 1872, and recorded in the Register's office of New Hanover county in Book O. O. O. Page 21, said iron post standing at the southwest corner of a tract of land conveyed by the Peregoy Lumber Company to the Carolina Central Railroad, deed dated the 12th day of March, 1894, and recorded in the Register's office of New Hanover County in Book No. 13, page 547, and running from said iron post North 30 degrees 45 minutes East, to Smith's Creek; thence in a general northwardly direction with the various courses of said Creek to the junction of said Creek with the northeast branch of the Cape Fear River; thence southwardly with the various courses of said river, along its eastern bank, to the point where the northern line of said right of way touches the said river; thence eastwardly along said northern line to the beginning; being all that tract of land which was conveyed to the Angola Lumber Company by Josephine L. Stewart by deed duly registered in said county, containing about thirty-eight acres.

Also one thoroughly modern and equipped double band saw mill, capacity, 80,000 feet per day, with 10 dry kilns and complete power plant, and all tools and appliances connected therewith. Also a planing mill, full equipped with driving engine, planers, re-saw, edgers, blower system, lumber buggies and all tools and appliances connected therewith.

The said property is to be sold in the following manner as authorized by the decree of the said District Court:—

First: There will be sold the saw mill, machinery, tools and appliances separate from the site.

Second: The planing mill with its appliances and appurtenances separate from the site and separate from the saw mill.

Third: The saw mill, planing mill, machinery, tools and appliances and the site on which the same are situate as a whole.

MATTAMUSKEET PROJECT.

Drainage of Immense Body of Land In Hyde County.

(Special Star Correspondence.)

Swan Quarter, N. C., Nov 8.—On Monday, Oct. 31st, and Nov. 1st and 2nd, the final report of Engineers and viewers of the Mattamuskeet Lake Drainage District, Hyde county, was heard at Swan Quarter before the clerk of Superior Court.

Out of 577 tracts of land in the district only three appeals were filed. The election of the Drainage Commissioners, the drainage district becomes a body corporate by virtue of the new drainage law and the drainage of 100,000 acres of fertile land including Lake Mattamuskeet is assured

This drainage project is in some ways the largest and most daring of any heretofore undertaken in the United States. About 80 miles of canal will lead surface water to a large reservoir to be constructed on the south side of Lake Mattamuskeet where an immense pumping plant, capable of discharging 2,000 cubic feet of water per second, will be erected to lift the water from the reservoir into a navigabble out-fall canal which carries it to Pamlico sound.

The planning of the work and surveys have been under way since October a year ago. Mr. Lawrence Brett, of Wilson, N. C., was engineer and Mr. Walter Jarvis, of Scranton, and A. R. Davenport, of Leechville, were the viewers.

CHADBOURN DRAINAGE.

Particulars of Contract With Brett Engineering and Contracting Co.

(Special Star Telegram.)

Chadbourn, N. C., Nov. 8.—The contract for the drainage of some 7,000 acres of land near Chadbourn, Columbus county, N. C., has been awarded to the Brett Engineering and Contracting Co., of Wilson. There are about 19 miles of ditches and sub-laterals. The contract price is said to be $1,784 per cubic yard.

Work is to be begun as soon as the Drainage Commissioners succeed in placeing the bonds, probably about December 15th.

THE SAVANNAH AUTO RACES

Probably the Best and Fastest Course in the World—Arrangements for Meet of the Dare-Devil Men.

Savannah, Ga., Nov. 8.—Upon a course probably the best and fastest of its kind in this country, with State militia pledged to keep it clear of all obstructions, dead or alive, the second American grand prize race will be run over the roads of this, Chatham coanty, on Saturday, Nov. 12th.

It will be the longest road race ever run in America. The practice of the big speed machines already indicates that the American road record of 89.6 miles made by Chevrolet at Riverhead, L. I., is in danger. Better than 70 miles an hour has been clocked on a single lap of the 17.3 miles course, while much higher speed has been maintained on the three long almost straight stretches which from the major portion of the track.

Doctors to Occupy Station.

The present course is nearly eight miles shorter than that of the 1908 race, the turns are fewer, the straight aways longer, and the total distance for the race about 10 miles greater. The road way is laid out on level country almost as flat as a table top, and is bordered for many miles with forests fastooned in gray Spanish moss. Within easy reach of every turn sharp enough to command a visitor in both directions physicians will be stationed, with Red Cross appliances at hand and telephone wires linking them to every portion of the speedway. The start and finish is on a four mile straightaway inside the city limits, where a grand stand with seating capacity of 40,000 has been erected. At the end of this stretch there is left turn for half a mile then a swing to right into Whitfield avenue which gently curves into Montgomery road, furnishing about three and one-half miles sprinkled with easy curves. Two left turns within a mile then lead into one of the finest speed stretches in the country, almost five miles broken by one scarcely appreciable curve. This stretch is drilled through virgin forest, so wide that four races can hum along abreast. Next comes LaRoche avenue, winding along the beautiful Hero river course, then shooting across an open plain, where a nearly right angle turn is made into skidway road. The LaRoche and skidway sections measure about three miles of winding roadway, with most of the turns safe and easy. A left turn, then a mile on Dale avenue and a final turn puts the car into the stretch about half a mile from the grandstand. Every military man in Savannah has volunteered to serve for policing the course, without pay. Their records in the first grand prize, they kept the course clear by using shotted cartridges and bayonets will be maintained even if it is again necessary to shoot.

Other Events Scheduled.

Over the same course on Nov. 11, the day before the big race, two light car contests will be run, one at 173 miles, and the other at 259.5 miles. The first is for the Tiedman cup, named in honor of Mayor Tiedman of Savannah, and a prize of $1,000, and is open to cars with 161 to 230 cubic inches piston displacement. The second is for the Savannah challenge trophy and $1,000 cash, and is open to cars of 231 to 300 inches cubic inches piston displacement. Both races are sections of the international light car race, the first running of which was won by Robert Hilliard in November, 1908.

The crowd of visitors is already reaching record proportions for this city. Thousands have signified their intention of coming here by automobile, but perhaps the best index of the depth of interest aroused is the patient ox teams behind which farmers are coming from many miles away.

On account of the Savannah races the Atlantic Coast Line is offering extremely low rates from Wilmington and all points in North and South Carolina, with the liklihood of a special Pullman from Wilmington and possibly other central points. All information will be cheerfully furnished at the office of the Passenger Department, A. C. L., city.

ROBBERY AT WESTRY'S.

Store Broken Into by Robbers Who Made a Getaway.

(Special Star Correspondence.)

Rocky Mount, N. C., Nov. 8.—Reports received in this city yesterday afternoon told of a robbery at Westry's supposed to have been committed at a late hour Sunday night or early yesterday morning, and a pretty successful burglary of the stores of Mr. J. S. Proctor and Mr. W. R. Dawes & Co., is reported. There are no night police at Westry's, which is a small station on the branch line of the Atlantic Coast Line between this city and Nashville, and the burglars found little trouble in breaking the front glass windows of the two firms named and entering the stores and carrying away whatever they wanted. From the store of Mr. W. R. Dawes there has been missed a quantity of clothing, shoes, gloves, etc., and the loss will sum up to over $100. Owing to the large stock of Mr. Proctor, he has been unable to note but little of his stock that was taken.

Bloodhounds were secured from Tarboro yesterday morning and they took the trail for a short distance, but lost it.

RIVERS & HARBORS CONGRESS

Indications Point to A Large Attendance—Mississippi Valley to be Well Represented—Some of the Speeches.

Washington, D. C., Nov. 8.—Indications are plentiful that there will be an unusually large attendance of delegates at the National Rivers and Harbors Congress which meets here December 7th, 8th and 9th, especially from the Mississippi Valley and the gulf states.

This is assured probably on account of a sentiment prevailing in this part of the country that New Orleans is the place for the holding of an International Exposition to celebrate the completion of the Panama Canal. The New Orleans exposition propagandists are working upon the idea that the improvement of the Mississippi river and its tributaries and the success of the exposition should form a double common purpose of the business interests in these regions.

J. Duval Armstrong, of New Orleans, of the executive staff of the Exposition company, who is in charge of its headquarters in Washington, expects, on account of the exposition, as well as because of the deep and widespread interest in the National Rivers and Harbors Congress that from every State on the Mississippi and its tributaries, as well as from all of the Southern states there will come the best delegations that have ever attended the national congress whose slogan is, "A water-way and not a water-way project." Mr. Armstrong who has spent many years in business for New Orleans interests in Central and South America, said today:

"There are two things to be borne in mind. The people of the Central and South American states are almost as much concerned in opening up the unobstructed navigation, our great inland water-ways and the improvement of our harbors, as our own people. It means to the foreigners south of us who would want our goods and products, cheaper transportation and lower prices for what they buy from us. On the other hand, our producers and sellers to the Southern foreign trade in standing for a great effective system of water-ways are working for what will enable them to dispose of their surplus products, in a way that would immensely stimulate all our industries, starting more wheels to hum and speeding the plow as never before.

"The great bulk of the trade of Central and South America is almost monopolized by England and Germany. That trade should belong to the United States. With railroads already available and with more navigable streams, with our naturally fine harbors cleared of obstructions and with terminal points equipped with freight handling facilities we would soon be making immense strides toward securing a highly profitable share of the trade sought of us.

We have the Monroe doctrine to keep European powers from encroaching by force and arms upon the territory on this hemisphere, but the Monroe doctrine is powerless to prevent the Europeans from making a complete commercial conquest of every foot of Central and South America. There is already assured by word of mouth, by official communications and by appropriations of funds for exhibits a larger participation in the New Orleans exposition, in the event of its selection, than has ever before been given an American exposition. The foreigners from the south of us rather look upon such an exposition as an enterprise of their own, just as they are expectant of great things from the operation of the Panama Canal. Great numbers of them will visit the states and there will be an excellent opportunity to cultivate substantial business relations with them. And it can be safely said they are not without particular interest in the improvement of our water-ways, for the reasons I have indicated."

In addition to the President of the United States, who will open the Convention, addresses will be made by the Ambassador from Mexico, the Hon. Clifford Sefton, chairman of the Conservation Commission of Canada, Hon. Champ Clark of Missiouri, and Senator William Borah of Idaho.

NAVAL BOAT CONTRACTS.

Awarded For Construction of Six Torpedo Boat Destroyers.

Washington, Nov. 8.—The contracts for the construction of the six torpedo boat destroyers for the navy authorized by the last session of Congress, probably will be distributed among five ship yards on the Atlantic coast. Bids were opened at the Navy Department today.

The Newport News Shipbuilding and Drydock Company submitted the lowest bid, offering to construct but one of the vessels. The highest proposals came from the Union Iron Works, of San Francisco, and the Maryland Steel Company, of Sparrow's Point, Md. They were so much higher than those of all the five other yards competing that they are not likely to be considered. The Bath Iron Works probably will be the only yard to build two of the destroyers.

The bids were for three classes: Class 1 was for vessels of government design, hull and machinery; class two, the same, with speed modifications; class three for vessels of government design of hull and equipment with bidders design for machinery.

The bids were as follows: Newport News Shipbuilding and Drydock Company, class 1, one vessel, speed 29 1-2 knots, to be completed in 24 months, $635,000.

Bath Iron Works, class 1, one vessel, 30 knots, to be completed in 24 months, $669,750, or two vessels, $654,500 each. Class 3, 29 1-2 knots, one vessel $655,500, or two $630,500 each.

Fore River Shipbuilding Company, class three, one vessel, 29 1-2 knots, $648,700, to be completed in 21 months and equipped with Curtiss turbine engines.

William Cramps Shipbuilding Company, class 1, 1 vessel, 29 1-2 knots to be completed in 24 months $658,000.

New York Shipbuilding Company, class one, one vessel, 29 1-2 knots, to be completed in 24 months, $45,000. Class 3, one vessel, same speed, to be equipped with Curtiss turbines, $670,000.

Maryland Steel Company, class 1, 29 1-2 knots, two vessels, 24 months, $685,000 each. Class 3, two vessels, $742,000 each.

Union Iron Works, class one, 29 1-2 knots, one vessel 24 months, $721,000, or two at $704,000 each. Class two, one vessel at $721,000 or two at $704,000 each.

The specifications provide that the trials must be held over the Rockland, Maine, course. The Newport News yard deducts $4,500 from its bid if the trial is held over the Lewes, Delaware, course. The Cramps yard deducts $4,800 and the New York Shipbuilding Company $5,00 if trials are held over the Lewes course.

The vessels are practically of the same type as those for which bids were opened in September 1908 and May, 1908. Like them, they will have 742 tons displacement. The Newport News yard submitted the lowest bid and the Maryland Stee Company the highest on those occasions the same as today. The Newport News bid today was practically the same as last year, when it was $620,000. Its bid in 1908 was slightly lower, but for two vessels at $620,000 each.

In 1908 contract for ten destroyers were awarded. All of the Atlantic coast yards except the Maryland Steel Company, getting two each last year, contracts for five were awarded, each Atlantic coast yard except the Maryland Company, getting one.

LANDSLIDE EVERYWHERE FOR THE DEMOCRACY

(ontinued From Page One.)

go and Cook county at 10:30 o'clock tonight, although less than one-half of the total, indicate that the Democrats have swept the city and county by from 30,000 to 40,000 votes.

Scattering returns from the State of Illinois indicate Democratic gains in various counties.

Taft Makes No Comment.

Pittsburg, Nov. 8.—President Taft on his way from Cincinnati to Washington, left here at 11:30. He received the first general results of the election from the Associated Press here, but would make no comment.

James T. Lloyd, chairman of the Democratic National Congressional Committee, issued the following statement tonight:

"Present indications are that Congress will be Democratic by about 35 majority. Thus far the returns indicate that our pre-election estimates were about correct.

"The causes which have led to the results of today are well known. It is a serious rebuke to the Republican party for its failure to reduce the tariff as the people believed the party had promised.

"The high cost of protected, manufactured articles which has resulted in greatly increased cost of living has had very much to do with producing this result. There is general dissatisfaction with existing political conditions, and with the present Republican administraton. This has led to its repudiation as far as could be done at the polls.

"The Democratic party has won a victory because the only hope of the people is in its supremacy.

"The Republican party has shown by its course that it will not enact legislation in the interest of the masses where such legislation would be to the determent of the classes."

Nine Democrats in Virginia.

Richmond, Va., Nov. 8.—The Democrats of Virginia today elected their nominees for Congress in nine of the ten districts of the State, and possibly triumphed also in the remaining one. The ninth district, which was the chief battle ground of the campaign, is tonight claimed by both Democrats and Republicans. The result is very close, and will probably not be definitely known until tomorrow.

The proposed constitutional amendments have apparently been defeated.

Taft Gets the News.

Pittsburg, Nov. 8.—The first news of the complexion of election returns from the various States were received by President Taft when he reached this city at 11 o'clock tonight on his way from Cincinnati, where he had gone to vote, to Washington. A summary of the results were placed in the President's hands, but he would make no comment upon them. He had cast his vote at Cincinnati shortly before noon and left that city at 3:10 P. M. He received his first intimation of the Democratic trend in the various States, at Columbus.

The only information available at that time was the Massachusetts situation.

Mr. Taft was prepared for the worst in Ohio. Arthur I. Vorys rode with him as far as Cleveland and Wade E. Ellis is traveling all the way to Washington. They told the President early in the afternoon that there appeared to be little chance for Mr. Harding.

The President dined with Charles P. Taft, who is going to Panama with the President. They were still seated at the dinner table when the train reached Dennison, Ohio. There a sheaf of telegrams from the White House at Washington was put aboard. The news contained in these dispatches bore out the earlier intimations.

The unfavorable news was read in silence. The Taft smile was gone. At last, however, the President's face lit up and he had a good laugh, for the final despatch read like this:

"And at 5 o'clock this afternoon Pauline Wayne gave birth to a fine bull calf weighing 100 pounds."

"Beaten to a Frazzle."

New York, Nov. 8.—The following telegram was received at Tammany Hall tonight from a Democrat in Col. Roosevelt's own district in Oyster Bay:

"Roosevelt's own district—Dix 218; Stimson 158. Beaten to a frazzle."

Massachusetts Election.

Boston, Nov. 8.—The Democrats gained nine out of the first 47 representatives reported elected tonight. This is a gain of about 20 per cent. and if maintained through the State would give the Democrats between 80 and 85 seats out of a total of 240 in the House, which would not be enough to elect the election of United States Senator.

Democrats Win in Maryland.

Baltimore, November 8.—That the Maryland delegation in the next House of Representatives will consist of five Democrats and one Republican is conceded late tonight by newspapers of both parties. Thomas Parren, Republican, saved the fifth district for his party which lost its representatives in the third and sixth districts, these being carried respectively, by George Kenig and David J. Lewis, Democrats. The other three districts remain Democratic by the re-election of J. Harry Covington in the first and J. F. C. Talbott in the second and the election of J. Charles Linthicum in the fourth.

John A. Dix's Victory.

Thomson, N. Y., Nov. 8—John A. Dix received the congratulations of three score visitors, men and women, who flocked to his home on the Hudson tonight to felicitate him upon the election to the governorship of New York His first comment on the result was brief and he avoided the personal element.

"I don't like personal attack," he said, "I have tried to keep away from it as much as possible during this campaign, but I do like that asparagus they raise down at Oyster Bay."

"Let he say this," he added, "a crisis has been met by the sober common sense of good citizenship, and the door has been opened for reform, retrenchment and honest administration. As governor I shall adhere to the strict pledges of the party's platform."

Mr. Dix is thoroughly worn out and anxious to leave tomorrow morning for a camp up in the Adirondacks, where he can rest a week undisturbed

Telegrams of congratulations came in from all parts of the country.

Probably Nine Democrats.

Trenton, N. J., November 8.—Latest returns would seem to indicate that the Democrats have certainly elected six and possibly nine of the ten members of Congress. New Jersey's representation in the present Congress is seven Republicans and three democrats.

Gain in Pennsylvania.

Philadelphia, Nov 8.—Returns up to 12:30 A. M. snow that the Democrats in Pennsylvania have gained one congressman with four districts doubtful.

The Democrats lost the tenth district and the Republicans lost the fifth and eighth districts.

Foss' Plurality.

Boston, Mass., Nov. 8.—Mr. Foss' plurality was about 25,000 up to a late hour tonight. It looked as if the Republicans had won the first, second, fifth, sixth, eighth, twelfth and 13th districts, and that the Democrats had been successful in the third, fourth, seventh, ninth, tenth and 11th districts, leaving the 14th district in doubt.

Democrats Will Control.

Chicago, Nov. 8.—Democratic control of the next House of Representatives as a result of yesterday's election became a certainty shortly after last midnight. It was then known that the Democrats had gained 26 seats in the House, including two previously won in Maine. Republicans gained from the Democrats two seats making the Democratic net gain 24, which is sufficient to give them control.

That the Democrats will have a good working majority was indicated by the returns from several States, among them New Jersey.

Returns showed that there probably would be a gain of six Democrats in the representation of that State. Other returns from New York and Pensylvania indicated the success of several Democrats in their contests for seats now held by Republicans.

The Democrats also expected to increase their lead by returning several members from Illinois and also from Missouri.

It was thought possible that they would be successful in several other doubtful States.

The definite Democratic gains were: New York eight; Pennsylvania three; North Carolina two; Ohio, two; Massachusetts two; Maryland two; Connecticut one; Illinois one; Kentucky one; Missouri one; West Virginia one.

The Republican gains were: Massachusetts one; New York one; Pennsylvania one.

Chicago, Nov. 8.—Fred J. Crowley, Third Illinois District elected. Frank Buchanan, Democrat, Seventh District elected. Lynden Evans, Democrat, Ninth District elected. Richard J. Finnigan, Democrat, Tenth District elected.

J. Warren Keifer, Republican Seventh Ohio Congressional District, elected. James M. Cox, Democrat, Third Ohio Congressional District elected.

Charles D. Carter, Democrat, Fourth Oklahoma Congressional District elected. Scott Ferris, Democrat, Fifth Oklahoma District, elected.

Told in Bulletins.

Jackson, Miss, Nov. 8.—All Democratic Congressional nominees were elected today. An average vote was polled.

Austin, Texas, Nov. 8.—The entire Democratic ticket for State officers has been elected by majorities larger than those given Governor Campbell two years ago. All Democratic Congressional nominees were elected.

Little Rock, Ark, Nov. 8.—The Democrats made a clean sweep in today's Congressional election electing all nominees. A fair vot ewas polled.

In Kansas.

Topeka, Kan., Nov. 8.—Governor W. R. Stubbs, Republican, has undoubtedly been re-elected by by a decreased majority over George Hodges. Six or eight Republican Congressmen will be returned it appears. The districts in doubt are the Third and the Sixth.

Prohibition Defeated.

Jacksonville, Fla., Nov. 8.—Partial 17 counties give 2,719 votes for State wide prohibition and 2,986 against it. returns embracing 5,705 votes from So far as heard from Duval county is about 3 to 1 against the amendment. The amendment seems to be defeated by 5,000 majority.

Landslide for Prohibition.

Greenville, S. C., Nov. 8.—Returns from many parts of Greenville county show a landslide victory for the prohibitionists on the question of dispensary or no dispensary in this county, the vote stading 696 for, 1,928 against, representing probably two-thirds of the vote polled.

In West Virginia.

Wheeling, W. Va., Nov. 8.—Returns at 10 o'clock indicate that the Democrats of West Virginia have made large gains in every section of the State. The election of John W. Davis, first district; W. G. Brown, second district, and John M. Hamilton, fourth district, are claimed by the Democrats. Big gains in the third and fifth districts are also recorded.

Five State Senators and 30 or more members of the Legislature are also gained according to the claims but the results are so close the official will be necessary. The Republicans concede large losses in the State.

Socialist Vote.

Columbus, O., Nov. 8.—Early returns from Franklin county indicate great gain in the social vote. In some precincts, the Socialists have doubled their strength, taking votes from both old parties.

In Nebraska.

Omaha, Neb., Nov. 8.—Hitchcock, Democrat, for United States Senator under the Oregon plan, ran ahead of Dahlman and prominent Republicans concede that he leads Senator Burkett, Republican, in Douglass county by more than 10,000.

Uncle Joe Reduced.

Danville, Ill., Nov. 8.—Jos. G. Cannon, speaker of the House of Representatives was re-elected to Congress today from the 18th Illinois Congressional district by a slightly reduced plurality.

Complexion of 62nd Congress.

Chivago, Nov. 8.—Returns up to 11:30 o'clock show the political complexion of the various State delegations in the 62nd Congress to be as follows:

STRIKE TROUBLE IN WALES.

Soldiers Attack Strikers—100 Injured During Rioting.

Cardiff, Wales, Nov. 8—Wild scenes were enacted in the disturbed colliery districts tonight, where 30,000 miners are on strikes. Bands of youth supported by women stormed the colliery buildings and looted the stores in several towns. The police who were largely reinforced during the day, attacked the mobs with the batons, the rioters replying with showers of stones.

More than 100 men were treated at the local hospitals for scalp wounds. Police reserves and troops, which arrived quickly at the scene of the greatest disturbances, are prepared to prevent further disorders and should the strikers maintain their defiant attitude, bloodshed is feared.

ARRESTS IN OKLAHOMA.

Election Officers Held Because They Refused to Let Negroes Vote.

McAlester, Okla., Nov. 8.—Fifteen election officers in McAlester were arrested today charged with refusing to allow negroes to vote. They were released on bond and returned to their positions. Later all complaining witnesses were arrested. This was followed by the arrest of 15 Republicans charged with false swearing in connection with the application of negroes to rthe ballot.

District Judge Cole issued an injunction restraining the United States Commissioner from issuing and deputy United States marshals from serving warrants for the arrest of election officers. United States Judge Campbell advised the commissioner and marshal to ignore the injunction.

NECK BROKEN; MAY RECOVER.

Splintered Bone Taken From Vertebrae of Injured Farmer.

Atlanta, Ga., Nov. 8.—With the removal of a splintered bone from the fifth and sixth cervical vertebrae, J. R. Fortner, a truck farmer whose neck was broken in a run-away on Sunday, regained consciousness yesterday at the Grady hospital.

Surgeons say he has a chance to recover. Fortner was in a dying condition when the operation was performed.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying uripary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Robt. R. Bellamy.
